thesis is equally as simple: Christian giving is not a tithe. Christ challenges the believer to give himself and his possessions to the gospel cause, but the tithe fixes a limit and implies nothing more is needed. *Why Christians Should Not Tithe* is a thorough discussion of the four tithes in Moses' Law, Jesus' comments on tithing, and the twenty-one principles of giving developed by the apostles' in Acts and the epistles. Included is a brief review of the history of tithing from post-apostolic times to the present. The book concludes with a new paradigm for giving not based on the tithe, but on the apostles' doctrine of Christian giving. Should Christians tithe to support the gospel? Here is a study that will help every Christian discover the biblical answer for him or her self.
