By Andrew Chang, Software Engineer, Google Earth Engine. Starting today, you can organize your Earth Engine scripts into modules — reusable, interchangeable, and shareable components that can be ...

### Making it easier to reuse code with Earth Engine script ...

I'm creating this Google Earth map as a volunteer for a new museum project underway in Vanuatu. We can't afford to get people to do this for us so I offer to help in any way I can. So if you can think of any scripts or programs that I can modify or adapt, I'd be most grateful if you would pass them on.

### Create regions for 3D models - Google Earth Community

Google Earth is a very popular geolocation software that can be used as an aerial camera, helping you explore the world from your computer or mobile device. Google Earth is powered by satellites that capture images of earth and then make them available via the application. The collection of images allow users to view different parts of the world in real-time.
