~~Handbook-Installation-Curtain-Wall-Cwct~~
CWCT has implemented a system of installer training leading to a CWCT 'Installers card'. It is equally important that architects, engineers, main contractors and others with a supervisory role on site are trained and capable of inspecting the work, again CWCT have implemented suitable training programmes.

The glazing units may be supported individually from a separate framed structure similar to that shown or a stick construction curtain wall. Walls of this type are frequently called 'Planar' walls although 'Planar' is a brand name and other products exist. In true structural glazing the glass components transfer load.

~~Design-CWCF~~
CWCT has written standards on: Curtain walling Walls with ventilated rainscreens Slope glazing Standards are written under the guidance of the CWCT Standards Committee comprising leading architects, consultants, contractors and manufacturers. CWCT standards have now been adopted by NBS and NHBC. These standards are no
