In order to better analyze and understand those around you, it's crucial to find those things that we do connect on, and the things that bring us together rather than the things that tear us apart. It's important when reading this book to remember that not all manipulation is bad. This book will take you first through the discovery and analyzation of those around you, and then it will provide different ways that you can persuade them. The only thing you need before starting this book is the willingness to change. You might have to confront some of your darkest issues, and you might have to put yourself through future scenarios that elicit a feeling of discomfort. In the end, however, you'll find yourself to be much more self-aware and independent. Click "Add to Cart" now and learn how to defend against dark psychology and keep your mind and life in control.
