Human Resource Management - Wiley Online Library

A leading resource in preparing for professional HR certification, this edition ensures you address all major topics for the various professional examinations given by the Society for Human Resource Management and the Human Resource Certification Institute.

Human Resource Management, 9th Edition continues to present both the theoretical and practical aspects of HRM. The theoretical material is presented throughout the textbook and highlighted via a marginal glossary. The practical aspects of HRM are presented through lively and pedagogically effective examples woven throughout the text and in the end-of-chapter materials. The new edition reflects the challenges of diversity, technology and globalization in the business world in general, and how these forces impact the HRM function within organizations.

Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts and techniques in a highly readable and understandable form. Coverage emphasizes essential themes throughout the book, including the building of better, faster, more competitive organizations through HRM; practical applications that help all managers deal with their personnel-related responsibilities; and technology and HR. Specific topics include the strategic role of human resource management; equal opportunity and the law; job analysis; personnel planning and recruiting; employee testing and selection; interviewing candidates; training and developing employees; managing organizational renewal; appraising performance; managing careers and fair treatment; establishing pay plans; pay-for-performance and financial incentives; benefits and services; labor relations and collective bargaining; employee safety and health; managing human resources in an international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues.

The Ninth Edition of Human Resource Management: Gaining a Competitive Advantage was developed to teach students how to face and meet a variety of challenges within their organizations and how to gain a competitive advantage for their companies. This product represents a valuable approach to teaching human resource management for several reasons: The content draws from the diverse research, teaching, and consulting experiences of the four authors who have taught human resource management to undergraduates, MBA students, and experienced managers and professional employees. The teamwork approach gives a depth and breadth to the coverage that is not found in other texts. The content emphasizes how the HRM function, as well as the management of human resources, can help companies gain a competitive advantage. The content discusses current issues such as social networking, talent management, diversity, and employee engagement, all of which have a major impact on business and HRM practice. Strategic human resource management is introduced early in the book and integrated throughout the text. Examples of how new technologies are being used to improve the efficiency and effectiveness of HRM practices are presented. Examples of how companies are evaluating HRM practices to determine their value are discussed.

Helps you teach students how to face and meet a variety of challenges within their organizations and how to gain a competitive advantage for their companies. This book emphasizes how the HRM function, as well as the management of human resources, can help companies gain a competitive advantage.

Human Resource Management, 9th Edition (Stone et al.) combines quality, trusted content from market leading HRM author Ray Stone with game-changing digital delivery. At 21 chapters, Stone's 9th edition covers all the content you need. Available as a full colour printed textbook with an interactive eBook code, this title enables every student to master concepts and succeed in assessment. Lecturers are supported with an extensive, easy-to-use teaching and learning package.

Revised in the light of recent developments in HRM policy and practice, this text now includes new chapters on human capital management, the role of the front line manager, HR strategies, and implementing HR strategies and learning and development. It also incorporates the results of surveys and research projects conducted by professionals.

For courses in Human Resource Management. Connecting Art and Science in Compensation Practices Strategic Compensation: A Human Resource Management Approachdemonstrates the art and science of compensation practice and its role in a company's competitive advantage. Through focused activities and supporting course material, readers build a solid foundation to become proficient compensation professionals. The Ninth Edition focuses on the context of compensation practice, the criteria used to compensate employees, compensation system design issues, employee benefits, the challenges of compensating key strategic employee groups, and pay and benefits around the world, preparing readers to assume the roles of successful compensation professionals. Also Available with MyManagementLab® This title is available with MyManagementLab—an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results.
