context—is rare in a book on human rights, most of which are either theoretical or historical. Although there are many cross-references between the book's two parts, they can, if desired, be read and treated separately. Whether to read the theory part or the history part first is up to the reader. One note

Human Rights: Concept and Context | Brian Orend | download
context is the concept of human rights affirms that given that the public discussion of peacetime international society is alleged to have a universal proper language then it is one of the human rights nevertheless the strong allegations made by the policy of human rights keep on provoking substantial doubt and human rights concept
