Whatever the current attitudes and policies of governments, the reality of popular demands for human rights, including both greater economic justice and greater political freedom, is beyond debate. A deepening and widening concern for the promotion and protection of human rights on all fronts, hastened by the ideal of self-determination in a postcolonial era, is now unmistakably woven into the fabric of contemporary world affairs.

The measure of our humanity in the twenty-first century will be our ability to establish those footholds where human rights can thrive and take flower for more and more of the human family. Sometimes it seems these days as if support for the work of the United Nations is less and less a popular position, and it has certainly been made into a highly politicized issue by leaders of our major political parties.

Human Rights in the 21st Century - rosslynhillchapel.org.uk

A new moral, ethical, and legal framework is needed for international human rights law. Never in human history has there been such an elaborate international system for human rights, yet from massive disasters, such as the Darfur genocide, to everyday tragedies, such as female genital mutilation, human rights abuses continue at an alarming rate. As the world population increases and global trade brings new wealth as well as new problems, international law can and should respond better to ...
