It was very refreshing to have another take on the attitudes toward older women's relationships with younger men. Although taken from the man's point of view, it does not denigrate the women involved. He grows up through the experiences he has with them and appreciates the valuable lessons learned.

If you go camping with an older woman and a bear shows up, all you have to do is outrun her. Older women have a better sense of the sarcastic because of the sheer number of times that life has crapped on them. I like that in a woman. "A cool, comic survey of the sexual education of a young Hungarian, from his first encounter, as a twelve-year-old refugee with the American forces, to his unsatisfactory liaison with a reporter's wife in Canada at the belated end of his youth, when he was twenty-three . . . elegantly erotic, with masses of that indefinable quality, style . . . this has the real stuff of immortality."—B. A. Young, *Punch* "A pleasure. Vizinczey writes of women beautifully, with sympathy, tact and delight, and he writes about sex with more lucidity and grace than most writers ever acquire."—Larry McMurtry, *Houston Post* "Like James Joyce, who was as far from being a writer of erotica as Dostoevsky, Vizinczey has a refreshing message to deliver: Life is not about sex, sex is about life."—John Podhoretz, *Washington Times* "The gracefully written story of a young man growing up among older women . . . although some passages may well arouse the reader, this novel brims with what the courts have termed "redeeming literary merit."—Clarence Petersen, *Chicago Tribune* "A funny novel about sex, or rather (which is rarer) a novel which is funny as well as touching about sex . . . elegant, exact and melodious—has style, presence and individuality."—Isabel Quigly, *Sunday Telegraph* "The delicious adventures of a young Casanova who appreciates maturity while acquiring it himself. In turn naive, sophisticated, arrogant, disarming, the narrator woos his women and his tale wins the reader."—Polly Devlin, *Vogue*

"Brilliantly inventive, written with great flair and shows a deliciously comic and ironic sense of American realities."—Alfred Kazin "The virtues of [Vizinczey's] style are those he finds in Hungarian poetry: the moody ferocity of a locked-up beast, and also a classic clarity and complete lack of self-indulgence."—Thomas D'Evelyn, *Christian Science Monitor* "Shows where the true values lie—not in wealth or the rule of law but in that as yet inviolate sector where a man and woman make love. . . . I was entertained but also deeply moved: here is a novel set bang in the middle of our decadent, polluted, corrupt world that, in some curious way, breathes a kind of desperate hope."—Anthony Burgess, *Punch* (London) "Bravo!"—Graham Greene

These inspiring true stories of women who 've made the most of their mature years " will get you fired up " (Becca Anderson, author of *The Book of Awesome Women and Real Life Mindfulness*). The amazing women profiled in *Great Second Acts* refused to be defined by the dates on their birth certificates. Their lives are testimony that one can be feisty after fifty—and this book says in no uncertain terms to those who think otherwise, in the words of Justice Ruth Bader Ginsburg: " I dissent. " This isa fascinating collection of biographical sketches of dozens of women of a certain age who have excelled, inspired, and achieved. Learn how these women changed their respective fields of art, politics, science, mathematics, media, literature, business, activism, education, and more. Included are: · Biographies of influential women such as PM Margaret Thatcher, chef Julia Child, Mother Teresa, feminist Gloria Steinem, actress Rita Moreno, inventor Ruth Handler, Judge Judy Sheindlin, and many more · Empowering quotes from strong women who epitomize grit and persistence · Motivational, inspirational, and educational stories of ordinary older women who 've accomplished extraordinary things

International Bestseller: A novel of youthful love and loss and " a powerful evocation of the war years " in England (*The Guardian*). On a hot August evening in 1939, cousins Oliver, Calypso, Polly, Walter, and Sophy spent one last night together, celebrating the end of summer, at the home of their aunt and uncle. Now, forty years later, as the motley cast of characters drive to the funeral of one of their own, they recall how important that night truly was—and all that came after. From Oliver, whose desperation to prove himself in war ended up as his downfall, to Calypso, whose flirtations landed her in an unlikely marriage with even less likely results, to Sophy, whose secrets from that night haunted her for the rest of her life, each of them recalls the twisted paths of love and betrayal they walked as the country came apart around them under the coming shadow of World War II. Mary Wesley masterfully interweaves tragedy and humor in this " extraordinarily accomplished and fast-moving " novel, presenting a tale of both the world at large and the dalliances, allegiances, and losses of her expertly crafted characters (*Financial Times*).

From Frida Kahlo and Elizabeth Taylor to Nora Ephron, Carrie Fisher, and Lena Dunham, this witty narrative explores what we can learn from the imperfect and extraordinary legacies of 29 iconic women who forged their own unique paths in the world. Smart, sassy, and unapologetically feminine, this elegantly illustrated book is an ode to the bold and charismatic women of modern history. Best-selling author Karen Karbo (*The Gospel According to Coco Chanel*) spotlights the spirited rule breakers who charted their way with little regard for expectations: Amelia Earhart, Helen Gurley Brown, Edie Sedgwick, Hillary Clinton, Amy Poehler, and Shonda Rhimes, among others. Their lives--imperfect, elegant, messy, glorious--provide inspiration and instruction for the new age of feminism we have entered. Karbo distills these lessons with wit and humor, examining the universal themes that connect us to each of these mesmerizing personalities today: success and style, love and authenticity, daring and courage. Being "difficult," Karbo reveals, might not make life easier. But it can make it more fulfilling--whatever that means for you. In the Reader's Guide included in the back of the book, Karbo asks thought-provoking questions about how we relate to each woman that will make for fascinating book club conversation.
