ISO - ISTA - International Seed Testing Association

The International Seed Testing Association (ISTA) was founded in 1924 and has more than 100 members worldwide. It is an association of laboratories which are authorised to check on the marketability of seed as defined in various countries' laws. Part of its duties is the definition of methods to determine the ability to germinate, the vigour of seed, and the content of genetically modified organisms (GMOs) in seed.
