An Introduction to e-Business provides the contemporary knowledge of the key issues affecting the modern e-business environment and links theory and practice of management strategies relating to e-business. This book brings together the most cogent themes for an introduction to e-business and constitutes a valuable contribution to formalising common themes for teaching the subject in higher education. It brings together theoretical perspectives based on academic research and the application of e-business strategies. These concepts are further explored in the six case studies that follow the set chapters. This new textbook integrates the main themes to provide a complete picture of the key elements relevant to an introductory text in e-business. To fully appreciate the e-business environment it is necessary to understand the links between the different disciplines that come together to form

Using an innovative storytelling style to bring cases and legal concepts to life, INTRODUCTION TO BUSINESS LAW, 5E presents a full range of business law topics in a series of brief, quick-reading chapters. The text delivers succinct coverage of core business law topics, emphasizes the business applications of chapter concepts, and includes summarized cases to illustrate the point of law. The fifth edition includes all-new chapters on LLCs and employment discrimination, new Case Questions, and a new emphasis on social media issues throughout. The most comprehensive introductory high school business book on the market!

The 21ST CENTURY BUSINESS SERIES is an innovative instructional program providing instructors with the greatest flexibility to deliver business content using a modular format. Instructors can create their own business courses by combining several Learner Guides in the Series to form one-semester or two-semester courses. The individual Learner Guides can also be used as enhancements to more traditional business courses or to tailor new courses to meet emerging needs. The design and content of each Learner Guide in the 21ST CENTURY BUSINESS SERIES is engaging yet easy for students to use. The content focuses on providing opportunities for applying 21st skills while enabling innovative learning methods that integrate the use of supportive technology and creative problem solving approaches in today's business world. The Introduction to Business Learner Guide covers today's most relevant business topics such as how business has been affected by the global economic crisis and recovery as well as global environmental issues. The roles of marketing and human resources management are also incorporated into this Learner Guide. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Responding to the growth of digital products and the commercial imperative to build new digital businesses, The Business of Digital Publishing offers a comprehensive introduction to the development of digital products in the book and journal industries. This textbook provides background to the main technological development that have influenced the growth of digital publishing, introducing students to the key terms and concepts that make digital publishing possible. Exploring four key publishing sectors: professional reference, academic, education and consumer, this book explains the context for the digital developments in each area and looks at the growth of new business models and the future challenges faced by each sector. It also addresses the key issues that face the industry as a whole, outlining current debates, such as pricing and copyright, and exploring their impact on the industry through relevant case studies. The Business of Digital Publishing is an invaluable resource for any publishing student looking for a starting point from which to explore the world of digital publishing.

The practice of sharing information within or outside the organization for the benefit and profit of the organization is generally referred to as business communication. Some of its significant topics include interpersonal communication, consumer behavior, marketing, employee management, public relations, customer relations, public relations, etc. This book is compiled in such a manner, that it will provide in-depth knowledge about the theory and practice of business communications. Such selected concepts that redefine this subject have been presented in it. This book is meant for students who are looking for an elaborate reference text on business communications.
