today's (and tomorrow's) leaders with critical tools to acquire and develop these traits. For decades, leaders have relied on "hard" skills to make smart decisions, while dismissing the importance of

emotional

intelligence.

Soft skills like

self-awareness

aren't

We've been taught that emotional intelligence is a "nice to have" in business, not a requirement. But soft skills can actually accelerate business success, Gary Vaynerchuk argues. For

analytical
minds, it's

challenging to

understand how

to get "better"

at being self-

aware, curious,

or empathetic—or

even why it's

important to

try. In this

wise and

practical book,

Gary explores

the 12 human ingredients that have led to his success and happiness and provides exercises to help you develop these traits yourself. He also shares what the “half” is—that emotional

improve. Working
through the
ideas and
exercises in the
book, he teaches
you how to

on how to

strengthen them.

Gary's secret to

these twelve

traits in

Humility with conviction? Gary provides real-life examples involving common business scenarios to show you how to use them together for optimum results. This iconoclastic book will help

When implemented in the proper situation, these ingredients can help leaders land promotions, retain core employees, move faster than
