Immunobiology 8th Edition

The Eighth Edition has been thoroughly revised and updated and is available in both print and e-book formats. Janeway's Immunobiology continues to set the standard for currency and authority with its clear writing style and organization, uniform art program, and scientific accuracy. It presents a consistent point of view throughout—that of the host's interaction with an environment containing many species of potentially harmful microorganisms.

Janeway's immunobiology -

Online Library Janeway Immunobiology 8th Edition

Ghent University Library

Janeway's Immunobiology has been such a standard in the field that it is revered. It is an indepth study across a range of subjects in Immunobiology the text is concise and articulate but the real strength of this book are the figures. They are really well done and help visualise some of the most abstract concepts of immunology.
