LEAN OPERATIONS AND JUST IN TIME. Lean Operations and Just In Time. The lean philosophy was originated by the Toyota Company in the 1950s. It was implemented based on prior ideologies at the same company such as total quality management and just-in-time production (JIT), which aimed at facilitating the production of high quality goods and services at relatively lower prices (Chen & Taylor, 2009 , p.826).

The Shopfloor Ser.: Just-in-Time for Operators by ...

Just-in-Time (JIT) is a Japanese management philosophy which has been applied in practice since the early 1970s in many Japanese manufacturing organisations. It was first developed and perfected within the Toyota manufacturing plants by Taiichi Ohno as a means of meeting consumer demands with minimum delays.
