full term; The rate of interest or Annual Percentage Rate of Charge (APRC) and the type of interest (i.e. fixed or variable) What happens if interest rates rise and how this affects your repayments; If there are any special features of the mortgage, such as the ability to overpay or underpay

*Keyfacts documents explaining your mortgage - Money Advice ...*

With a fixed rate mortgage your interest rate and monthly mortgage repayments stay the same throughout the fixed rate period – with most mortgage providers, this is 2, 3 or 5 years. If you prefer the stability of knowing how much you will pay for your mortgage each month then a fixed rate mortgage could be the best choice.
