Two straight brackets, two bolts, two nuts and you have a cheap file/grinding guide for grinding the racasso and choils areas of your knife....you can even use it to line up the scales. It costs only a few bucks.....I know you can buy a better one for about \$75, but I can make a heck of a lot of these for the price.

How to choose a knife? 1. Go into a decent cook shop or a decent knife shop, get advice and try the knife out. 2. Find out the most comfortable - the knife should feel like an extension of your hand (you'll know it by its feel) 3. Understand how easy or difficult it is to keep and edge on the knife and if you want to get involved in knife sharpening. 4.
