The Pentax K-1 comes with a great set of in-camera features for landscape photography, including built-in GPS and Compass which automatically get written into every captured image, which can be helpful for tracking movement and position of the camera.

~~Top Cameras for Landscape Photography (2020 Edition)~~

Some of the best places for photographs are Burton Bradstock – sunny days are best to capture the golden hue of the cliffs, the chalk sea stacks of Old Harry Rocks and the famous arch of Durdle Door. Chesil Beach and the Fleet are also very scenic, especially if photographed from the top of Abbotsbury Hill.

~~Britain's best locations for landscape photography~~

To the casual photographer, landscape photography in the Midwest is an oxymoron. The workshop advertising pages of outdoor photography magazines aren't exactly flooded with trips to the Midwest. It's all the more impressive, however, when one finds beauty in the more subtle and smaller pockets of the diverse natural landscape of the Midwest.

Comment. Scotland is insanely beautiful, whichever part you visit; that makes it tricky to come up with the best places for landscape photography in Scotland. The country allows you to travel across the snow-capped summits of its many mountain ranges, descend through Caledonian woodland rich with wildlife, cross the shores of the country's vast lochs, and move on towards the rugged and picturesque coastline.
