new to model railroading, chances are you started out with a simple oval of track in a starter train set. The next step in creating a real layout is to add switching opportunities to expand your run. Next, you'll select or build towns, stations, businesses, and scenery to give your railroad purpose and character.

Model railroad layouts
fall into five basic types:

Loop [Continuous]

Layouts This is the
conventional layout
plan, where the main
line is arranged in a
continuous loop, and the
train starts in one place,
turns a lap, and
eventually ends up back
where it started.
