Are you the pursuer or do you let men pursue YOU? The answer is the difference between you becoming a side toy for a man to play with or a girlfriend with a title and eventually a woman who any man would be eager to call his wife. Many of us modern 21st century women have been taught that in order to get a guy we have to go out there and snag him, trick him, tag him and drag him home. But that doesn't work -- at least not in the long run. Men are natural hunters. They won't always admit it, but they absolutely LOVE the chase. They want a woman who is interesting, confident and vocal. They want a woman who sets boundaries and keeps them on their

REALLY wants. In cases like this, what a woman really requires are two things: a healthy amount of self-respect and a set of "player-proof" dating rules that will allow her to make wise dating decisions as she navigates the treacherous territory of finding Mr. Right. How to Keep a Man Interested Without Playing Games or Becoming His Doormat Many dating advice books for women tout the idea that a high level of confidence is key when dealing with men. However, while this is partially true, being confident, at least in regards to making a man pursue you, is pointless without understanding how to apply that confidence in various dating situations when dealing with men. A woman's confidence is communicated to a man by what she stands for and what she doesn't. Being able to confidently socialize with men, having

confident body language, and illustrating confidence in your femininity will only go so far if you still allow men to have their way with your emotions, time, affections, body, and anything else for that matter. Self-confidence makes a woman more attractive, but unless it effects how she enforces her personal boundaries it won't do anything to keep a man interested in her for the long-term. How to Date a Man to Keep Him Calling and Falling For You Women with strong personal boundaries are principle-centered, not men-centered or romance-centered. To them, their personal values, such as giving and receiving unconditional love, are more important to them than needing to be with any one particular guy. When a woman has strong personal boundaries she doesn't make excuses because of a man's handsomeness, status, wealth, race,

Make Him Desperate Quick, Easy Ways to Make Him Chase You and Beg to be Your Boyfriend We have all experienced the pain of meeting someone that we are romantically interested in, only for them to not reciprocate those feelings. But what if we could do things slightly differently in future and, as a result, get these same men to be the ones who are chasing us? Well that thought is precisely what we are going to explore over the course of this book. There's no need to feel like you need to be perfect in every way to attract any man you want. As long as you have the basics down, if there are a couple of things here and there that you don't get right then it shouldn't matter too much at all. The changes that we

are going to talk about in this book, don't mean that you need to change who you are, what you like, or what you're interested in. You won't be pretending to be someone you're not. By following these simple changes in the way we act around men and talk to men, you will get them to not only be romantically interested in you far more often, you will also get them to actively crave your attention and chase you. This may sound a bit too good to be true, but it's incredible what the practical application of basic psychology can do and how much it can affect your interactions with the opposite sex. In fact, the things I am going to cover in this book are so simple, that you will be able to apply most of them on day one. So even if you already have a man who you're interested in and he's not giving you enough attention, you can begin to repair

them. Unfortunately, too many girls hoping for their own happily-ever-after have taken matters into their own hands, chasing after boys when they should be chasing after God. And that inevitably leads to heartache, low self-esteem, and poor choices as girls give in to pressure from media and peers to look and act a certain way to attract guys. Kyle and Kelsey want girls to know that it's never too late to trust God with their love lives, that wherever they are, there's always hope for the future. Through their own story and the stories of others who long for love, they show girls how to put God first, how to value and protect their purity, how to deal with loneliness and bullying, and how to see themselves as God does--a one-in-a-million girl who deserves no less than God's best.
