Genuine spare parts from Linde Material Handling

Linde designed the pallet stackers according to the principle of maximum availability with minimum service costs. That is why these trucks, overall, are very stable. Encapsulated electric parts, a robust chassis and maintenance-free three-phase motors increase their life span. Servicing is required only once a year, depending on use.

Pallet Stackers from Linde Material Handling

Linde reach trucks help the driver with appropriate displays and assistance systems. This makes load handling safer and more efficient. For example, the Linde Curve Assist driver assistance system automatically adjusts the speed around bends. Displays showing the load weight and lift height provide the driver with the necessary information to transport and stack loads safely while still ...
