In just a few decades, a tiny state has managed the feat of making itself famous in the eyes of the whole world as the example of paradise on Earth, dethroning the Seychelles or Bora-Bora. The Maldives is the kind of country that nobody knows how to position on a world map, but whose name everyone knows. We don't even know who told us about it the first time. A couple of friends returning from a honeymoon? An advertisement in the subway? A ranking of the most beautiful beaches in the world? Or one of those Powerpoint files of photos of blue lagoons that people exchanged by e-mail at the beginning of the internet? In

the popular imagination, the Maldives, we never go there. It's too expensive. Will the paradise be up to our imagination? The most informed among us wonder why a supposedly paradisiacal state is so often plagued by political violence and religious fundamentalism. Environmentalists wonder whether a landscape that is proclaimed paradise should be a natural territory preserved with coral or a tourist counterfeit. This colorful book offers a 360 ° panorama of the history, geography and culture of the Maldives.

Maldives Travel Guide. Tourism. Maldives have always been associated with upscale vacations. Archipelago located in the Indian Ocean includes 1190 atolls, where top-class hotels and resorts are situated. Each atoll is the focus of unique natural attractions and charming beaches. Pristine natural beauty can be called the main feature of the archipelago. It's worth noting that local beauty isn't limited to terrestrial landscapes, as the underwater world is also extraordinarily beautiful. That's why fans of diving and snorkeling prefer resting on Maldives. With regard to traditional tours and scenic walks, guests of elite resorts won't be disappointed. A significant part of historical attractions are concentrated in the capital of the archipelago, the city of Male. The starting point for many excursions is the main square of the capital, Jumhooree Maidhan. Its construction began only recently, in 1988. Today the picturesque square is one of the busiest places of the archipelago. Amazing shops and restaurants are concentrated around it, as well as picturesque streets ideal for walks. Hukuru Miskiyi is among the most notable historical sights. The age of mosque is almost a thousand years. This beautiful old building has perfectly preserved to this day. During the tour you can see symbolic drawings carved in stones; those were created by masters in the 13th century. Next to the old mosque there is a cemetery, which also has great historical value. Its territory features the tomb of Sultan Abu Al Barakat and other rulers famous for their great deeds. However, the biggest religious building is Old Friday Mosque. It's a large architectural complex including Islamic center and the mosque itself with luxurious golden domes. The mosque can accommodate 5,000 worshipers at the same time. Old Friday Mosque is the most sacred place for locals, so it is a must see place
