It is focused, concentrated, intentional, and intent. It is specifically called into material being by the creative activity of a gifted human being, and its primary purpose depends on its being viewed. It would be naive, though, to consider this act of looking a simple one.

The Art of Looking at Art | Britannica Principles of composition. Looking—slow, careful looking—is not as simple as it seems. Close visual analysis, and an understanding of compositional elements, can be used to unlock structures and meanings, even in works of art that are unfamiliar. Balance, symmetry and emphasis.

Looking at Art. Looking at Art. Content – Art's point, significance, meaning, subject or theme, function, what it's about in the largest sense. Form – when we look at a work of art we see its form. Form is the vehicle or the way art moves us to meaning. The more the proportion of emphasis on idea and form approaches a state of equilibrium, the more eloquently will the work reveal what is called content.
