The Complete Spa Book for Massage Therapists is specifically for massage therapy students who want to succeed in the spa industry, whether as an employee or an owner of their own spa. It is the only book that includes extensive information about real-world working conditions in actual spas, with an enormous amount of feedback from working spa directors and owners regarding what they are looking for in employees. Beyond giving explanations and step-by-step instructions regarding a wide range of spa modalities, the book offers an in-depth look at topics that many other resources do not cover. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This textbook guides massage therapists through each step of delivering a spa treatment—from consideration of the indications and contraindications to scope of practice issues, supplies, room set-up, specific procedure steps, and ideas for integrating massage techniques, spa products, and enhancing accents. While wet-room treatments are discussed, the focus is on dry-room treatments, which can be delivered in a wider variety of settings. More than 250 full-color photographs illustrate each technique and treatment. Treatment Snapshot boxes provide a quick overview of the treatment before the detailed step-by-step procedures section. Sanitation Boxes offer clean-up and sanitation tips. Sample Treatments include promotional descriptions, product recommendations, and recipes for creating inviting smell-scapes.

Seldom does a book achieve status as a classic in its first edition, but *The Art of Aesthetic Surgery* by Foad Nahai has been hailed as a masterpiece since its inception. Reviews have been universally laudatory, and residents and experienced practitioners alike have embraced this work as the ultimate resource on all things aesthetic. Now, this landmark work has been totally revised and updated with over 40 new chapters (many with new authors) and every chapter has been revised to reflect the latest trends, techniques, and information. This three-volume set also includes seven DVDs with 24 operative videos.

Comprehensive Coverage 93 chapters in three volumes cover the full range of cosmetic medical treatments and aesthetic operations. Topics include: Hair transplantation and brow lift Eyelid surgery Laser resurfacing and chemical peels Tissue fillers and fat grafting Rhytidectomy and face and neck lift Facial implants Rhinoplasty and ptoplasty Lip rejuvenation Breast augmentation, reduction, and mastopexy Surgical, noninvasive, and minimally invasive body contouring Liposuction To address the modern physician's need for business acumen as well as surgical skill, three chapters focus on practice management, ranging from practice model options, staff and financial management, marketing and communications, and legal issues.

World-Renowned Authors Dr. Foad Nahai is an acknowledged leader in aesthetic surgery. He has personally written a third of the chapters for this three-volume work. His contributors, representing the "who's who" of aesthetic surgery, provide detailed accounts of their techniques for the different operations, as well as the planning process so crucial to producing excellent results.

Help with Decision-Making Of particular note are the clinical decision-making chapters authored by Dr. Nahai. This invaluable insight provides readers with a unique overview of the various options for each problem, along with his preferred solutions. Complete with algorithms and case studies, this problem-solving feature offers the expert guidance necessary to sort through options, understand their advantages and limitations, and make the best choice for each patient.

Necessary Anatomy Key chapters introducing each major anatomic region or topic area focus on applied anatomy and provide essential information that the surgeon needs to know to execute these surgical maneuvers safely and effectively.

Reliable Format This new edition maintains the same features that made the previous edition so popular, including beautiful medical illustrations, large type for readability, and a consistent, comprehensive approach. The semi-atlas format features the applicable images located next to legend text for enhanced clarity.

Open your heart to the uplifting energy of crystals and discover your unique magic. This book shows you how to start your own crystal enchanter practice to help improve your love life, manifest more money, heal emotional wounds, and connect with your true sparkly self. Let expert teacher Pamela Chen take you by the hand and show you how to create and activate crystal grids, make crystal potions, and cast crystal spells. You will discover the secrets of which colors to use and how they relate to powerful chakra energies. Each chapter focuses on a specific purpose—such as getting in touch with your intuition and protecting yourself from negative energy—and includes a spell, meditation, or ritual in addition to a divinely channeled message. Whether you already have your own crystal collection or are just starting to appreciate the spiritual power of these spectacular stones, this fun, high-energy guide shares everything you need to begin practicing your own enchanted crystal magic.
