Making Transparent Soap: The Art of Crafting, Molding ...
When creating a transparent soap recipe, choose at least 75% hard oils (coconut oil, palm oil, tallow, lard, stearic acid). All of the solvents added can soften a recipe that contains lots of soft oils. Include castor oil in your recipe. Castor oil is a bit of solvent so works well in transparent soap.

Making Transparent Soap: The Art Of Crafting, Molding ...
Yes, the soap is cooked under pressure, but all it takes is following the instructions in the book where a sheet of plastic is bungeed over the soap-making pot and that pot is placed inside a bigger pot of boiling water. After cooking for a time, the soap is poured into molds and is ready to use as soon as it cools and hardens.

Making Transparent Soap: The Art Of Crafting, Molding ...
Alcohol - According to C. Failor, it is impossible to make a transparent soap without alcohol. Or, it is possible, but such a soap loses its transparency with time. The best alcohol is denatured ethylalcohol of 90%. I add that you can use instead a propylene-glycol, which will make your soap meltable => you will obtain a meltable M&P soap base!
