Principles of
Macroeconomics, 6th Edition:
9780538453066 ...

Gregory Mankiw is one of the
greatest Economists of our
times. He cheekily increased
the number of his book
titles by just re-arranging
the same stuff and chapters
from one main book. These
books are: 1- Economics:
contains everything. Has
chapters on basics +
Microeconomics +
Macroeconomics. It comes in
both hardback and a much
cheaper softback.

Read PDF Mankiw Microeconomics 6th

According to Romer (1986,1990) economic growth depends on existing human capital, which generates innovations. (Sar? and Soytas, 2006) The theoretical developments between human capital and economic growth now are mainly treated under the framework of the models of Lucas (1998), Romer (1990), and Mankiw and et al. (1992).
