Manuscript Guidelines - Springer

Submission for publication is representation that neither the manuscript nor the basic information in the manuscript has been copyrighted, published, or submitted for publication elsewhere. Prior publication is a basis for rejection except under special circumstances such as appearance in a conference or symposium proceedings that had very limited circulation.

Submission guidelines - Springer

Authors' contributions (optional: please review the submission guidelines from the journal whether statements are mandatory) ... when needed for them to perform their evaluation of a manuscript. Research data

Submission guidelines - Springer

For revised submissions we strongly recommend to upload the editable source files (either Word or LaTeX) together with a PDF of the revised (LaTeX) manuscript for reference. We can process a PDF-only submission, but upon acceptance source files are mandatory and providing source files after acceptance may delay production.

Submission guidelines - Springer

Personal communications and unpublished works should only be mentioned in the text. Do not use
