Hundreds of thousands of lives, millions of animals and billions in property are at stake. And... Never Again, is the 3rd in the Michael Grant, PI, mystery/suspense series. Terry Dean Ballard, a young terrorist who killed 19 innocents in Texas before escaping Michael's grasp at the end of Judas Oracle, surfaces in Colorado bent on destruction. Ballard's Christmas day sabotage of area ski slopes and towns kills 67 bringing his death toll to eighty-six. Ballard, a young computer geek, finds he excels as a user, abuser and natural leader. He next focuses his cold careless fury on New Year's Eve. Leading a small gang of eco-terrorists, he plots his next debacle. Above, millions of acre feet of water, Below the dam, a town, a chemical munitions storage facility. Can Michael Grant and his team of 'agency' operatives stop the inevitable? How many more times can Michael Grant say: And... Never Again.

Have you ever dreamed of becoming a millionaire by the age of 30? Then it's time you stop listening to the inexperienced and biased talking heads, latest sales gimmicks, and advice from the good old days. It's time you pick up what's simply been called "The White Book"! Young professionals are now facing both economic opportunities and obstacles unlike anything witnessed before. Millennial Millionaire pulls back the curtain on the financial industry to give you an insider's look at how to make money work for you. In this no holds barred narrative, Bryan Kuderna reveals the secrets to financial independence in a concise and easy to understand manner. You will learn how to take advantage of this quickly changing economy, leverage higher education (or lack thereof), build a financial plan, save for retirement, become a master networker, fast-track your career, and become a millionaire by your 30th birthday!

Jerry Thigpen's study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine. This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C-130 derivative ever produced. First modified and sent to Southeast Asia (SEA) in 1966 to replace theater unconventional warfare (UW) assets that were limited in both lift capability and speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam. After spending four years in SEA and maturing into a highly

respected UW weapons system the Joint Chief of Staff (JCS) chose the Combat Talon to lead the night low-level raid on the North Vietnamese prison camp at Son Tay. Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long-range clandestine operations. In the period following the Vietnam War United States Air Force (USAF) special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran. Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever-increasing threat to our nation. Under the leadership of such committed hard-driven officers as Brenci Uttaro Ferkes Meller and Thigpen the crew force became the most disciplined in our Air Force. It was capable of penetrating hostile airspace at night in a low-level mountainous environment covertly to execute any number of unconventional warfare missions.

"My Days with Father Clancy" is a heart-warming story of a larger than life individual who served as a parish priest for 75 years and was able to say Mass at 100 years old, a very rare event in the history of the Catholic Church. The central focus of this humorous, witty and nostalgic story, as seen through the eyes of Father John J Clancy's all-purpose 10 year old assistant or "boy," captures the essence of life in a small town Catholic parish during the late 50s and early 60s. To say the least, Father Clancy was an extremely strong-willed Irishman deeply steeped in rich life experiences who rode herd literally rode herd over a magical shining village on the hill namely the Church, the School, and the Families---the Ultimate Trifecta. He was an authoritarian, at best a benevolent despot, who instilled fear and respect and love in those who had the privilege to know him. If you grew up Catholic or went to a Catholic school or even know someone who is Catholic, you will "belly laugh" and maybe even shed a tear of happiness as you make your way through this "Bells of St Mary's" trip down memory lane.

THE EXPERTS Just what's needed--factual information about immigration laws. Here Jo Condrill, Amazon.com Best Selling Author, interviews two highly qualified immigration law professors, Lee J. Terán, J.D. and Erica B. Schommer J.D. Did you know that vetting has been part of the immigration process in the U.S. since the beginning of immigration law? Vetting may disclose diseases and past criminal activity. Did you know one big difference between lawful permanent resident, "Green card" status, and being a U.S. citizen? According to the law, a person must be a citizen to vote in the U.S. A. a lawful permanent resident is not a citizen. These and many other interesting facts may provide a stronger foundation for discussions on the contentious immigration issues we frequently hear. The issues discussed in this book will also enlighten emigrants who plan to settle in the United States and possibly help them in their decision-making.12 VERY INTERESTING IMMIGRANTS Add to that the dramatic, real-life stories of Immigrants Coming to America. You will be introduced to twelve immigrants from places like Sri Lanka, Syria, Georgia, and Mexico. Share the terror of a teenage refugee as pirates board the escape boat while they are at sea and take their navigation equipment and all their valuables. Learn with a shocked businessman as he is told by a friend not to come home again, but to go to the U.S. immigration office and ask for asylum. Listen to the story of a 16-year old who refuses to be called a refugee but leaves her war-torn island country with her siblings to get more education. Read the survival story of the young man who bought a red carpet and a suit coat to stage the sale of his creation, the first perfume created by a Norwegian. You will laugh; you may cry; you will be entertained. Get your copy of Immigrants Coming to America now!

The story of Bristol is the story of America, played out on the small stage of a lobster claw-shaped peninsula at the heart of Narragansett Bay. From the massacre and displacement of the first Americans to the rise of the merchant class; exploration; slavery; war and peace; the Industrial Revolution; waves of immigration--all these wildly disparate facets of the American experience have been represented and reflected within these 20 square miles. Bristol has been home to patriots and pirates; ministers and murderers; captains who dominated at the helms of whalers, battleships, and 12-meter sailboats; larger-than-life industrialists; Hollywood and Broadway royalty; artists, writers, musicians, and culinary visionaries. But the bulk of the threads in Bristol's remarkable tapestry are not bold-colored silk, bright metallic, or rich cashmere--most are simple and natural, unremarkably structured and hued, but each one quietly doing its part to form the strong, tightly-woven foundation of this very special place.
