With obstacles put in place to question a potential leader's ethics, world view and career outlook, how does a future leader rise to the top while overcoming obstacles? M: Business brings clarity to what business is about. Its design provides a cutting edge approach to business, and its technology components offer an active learning environment, allowing students to envision a prosperous career in business.

Business Foundations: A Changing World carefully blends the right mix of content and applications to give students a firm grounding in business principles. Where other products have you sprinting through the semester to cover everything, Business Foundations: A Changing World allows breathing space to explore topics and incorporate additional activities to complement your teaching. Build from the ground up. Business Foundations: A Changing World is for faculty and students who value a briefer, flexible, and integrated resource that is exciting, happening, focused and applicable! What sets this learning program apart from the competition? An unrivaled, focused mixture of exciting content and resources blended with application examples, activities, and fresh topics that show students what is happening in the world of business today!

Strategic Management for Hospitality and Tourism is an essential text for both intermediate and advanced learners aspiring to build their knowledge related to the theories and perspectives on the topic. The book provides critical and analytical insights on contemporary theoretical models and management practices while enhancing the learning process through worked examples and cases applied to the hospitality and tourism setting. This new edition highlights the rapidly changing socio-economic and political global landscape and addresses the cultural and socio-economic complexities of hospitality and tourism organizations in the new era. It has been fully updated to include: A new chapter on finance, business ethics, corporate social responsibility, and leadership as well as new content on globalisation, experience economy, crisis management, consumer power, developing service quality, innovation and implementation of principles. New features to aid understanding of the application of theory, and spur critical thinking and decision making. New international case studies with reflective questions throughout the book from both SME's and large-scale businesses. Updated online resources including PowerPoint presentations, additional case studies and exercises, and web links to aid both teaching and learning. Highly illustrated and in full colour design, this book is essential reading for all future hospitality and tourism managers.

M: Business is designed to be brief, highly visual, and flexible for today's digital and entrepreneurial students. Its unique design and approach enable instructors to cover topics at the depth they desire with an unrivaled mixture of exciting, fresh content and resources to support active learning. M: Business represents the best value available in the brief Introduction to Business market without sacrificing currency, accuracy, or a robust teaching and learning package via McGraw Hill Connect®.

He was forbidden, and forbidden was my favorite meal. I was seventeen the first time we met. We were in two different worlds. He was building direction in his life. I was spitting fireballs down my path. He was the good guy who helped other people. I was the tainted girl who destroyed them. He was harmony on a warm beach day. I was the hurricane that erupted through. He tried to help me. I tried to ruin him. I'm Elise, and this is my story.

You've seen the headlines about him. Knox Rivers is music's out of control, all over TMZ, and under the impression that he's God's gift to the female population bad boy. He steals hearts with his music and then breaks them with his behavior. He's also the man I'm traveling across the country with on tour as his new assistant. I would've never taken the job if I wasn't desperate, but after my dad lost all of his money for hiding his from the IRS, I'm left broke and unable to pay my tuition a year shy of receiving my degree. I have this under control. I'm the daughter of a rock legend who grew up around men like him, but I find myself drawn more to him with every passing mile. I fight to keep our relationship professional while he pushes to show me there's more to him than what's plastered all over the tabloids. Desire starts triumphing my rationality. I'm throwing my rules out the window. I'll deal with the repercussions when the gas tank runs dry.

Take my advice. Never fall for your brother's best friend. Bracken Casey. Our hometown's playboy. My brother's best friend. The man I love. He doesn't do girlfriends. He doesn't do commitments. And he doesn't see me as anything more than his best friend's little sister. Until one night changes everything. A drunken kiss leads to a drunken screw. Now he can't keep his hands off of me, and I can't say no. Rules are set: No one can find out. It can't lead anywhere. But rules were always meant to be broken. And that's exactly what we are doing. Breaking them all. Something bad is bound to happen.

I don't want him. I can't do this. That's what my ex said after our son was born, leaving me a single dad. These days, my world consists of two things: Noah and my bar. Until her—the woman I want—but can never have. My ex's sister wasn't supposed to be stirred into the mix. Even though I try to push her away, my son falls in love with her. As much as I want to keep my distance, I can't break his heart. Lines become blurred, and fighting our attraction becomes nearly impossible. Even though we know it's wrong, desire doesn't always fade away. As soon as we cross that line, nothing will be the same and everything will fall apart. And it does.

A brief alternative to other texts, Business and Society provides an overview of corporate citizenship in 12 chapters, with 10 cases that cover small, large, and non-profit businesses. Students--both undergraduates and MBA majors--will gain the skills and background knowledge necessary to make informed opinions about how organizations implement various strategies to fulfill their social and financial goals.Opening vignettes profile an organization or situation relevant to each chapter's main focus so that students can preview key concepts. The authors revisit the vignettes throughout to clarify the examples in light of new ideas.Experiential Exercises at the end of each chapter promote higher-level learning and require students to apply, analyze, synthesize, and evaluate the concepts, practices, and benefits associated with corporate citizenship.The Instructor's Resource Manual features several Behavioral Simulation Role-Playing Cases designed to develop teamwork and group decision-making skills.
