The story takes place in Hungary, between two rival families: the Metzengersteins and the Berlifitzings. The bitter enmity between the two families is so old that no one knows how far back it dates. The narrator states that its origin appears to rely on an old prophecy: "A lofty name shall have a fearful fall when, as the rider over his horse, the mortality of Metzengerstein shall triumph over the immortality of Berlifitzing."

How is this book unique? Font adjustments & biography included Unabridged (100% Original content) Illustrated About Metzengerstein by Edgar Allan Poe Metzengerstein was the first story by American writer and poet Edgar Allan Poe. Metzengerstein follows many conventions of Gothic fiction and, to some, exaggerates those conventions. Consequently, critics and scholars debate if Poe intended the story to be taken seriously or considered a satire of Gothic stories. Regardless, many elements introduced in "Metzengerstein" would become common in Poe's future writing, including the gloomy castle and the power of evil. Because the story follows an orphan raised in an aristocratic household, some critics suggest an autobiographical connection with its author. Plot Summary: The story, told from an unnamed third-person narrator, takes place in Hungary at an unspecified date. The opening passages describe a centuries-long rivalry between two wealthy families: the Metzengersteins and the Berlifitzings. The bitter enmity between the two families is so old that no one knows how far back it dates. The narrator states that its origin appears to rely on an "ancient" prophecy: "A lofty name shall have a fearful fall when, as the rider over his horse, the mortality of Metzengerstein shall triumph over the immortality of Berlifitzing." Young Frederick, Baron of Metzengerstein, was orphaned at a young age and, thus, inherited the family fortune at age 18. Equipped with enormous wealth and power, he begins to exhibit particularly cruel behavior. "The behavior of the heir out-heroded Herod". Four days after he receives his inheritance, the stables of the rival family Berlifitzing catch fire. The neighborhood "instantaneously" attributed the act of arson to Frederick Metzengerstein.

Lee demonstrates how Melville, Emerson and others tried to find rational solutions to the slavery conflict.

Examines the life and career of Edgar Allan Poe including synopses of many of his works, biographies of family and friends, a discussion of Poe's influence on other writers, and places that influenced his writing.

Wilhelm, Count Berlifitzing, although loftily descended, was, at the epoch of this narrative, an infirm and doting old man, remarkable for nothing but an inordinate and inveterate personal antipathy to the family of his rival, and so passionate a love of horses, and of hunting, that neither bodily infirmity, great age, nor mental incapacity, prevented his daily participation in the dangers of the chase.Frederick, Baron Metzengerstein, was, on the other hand, not yet of age. His father, the Minister G-, died young. His mother, the Lady Mary, followed him quickly after. Frederick was, at that time, in his fifteenth year. In a city, fifteen years are no long period-a child may be still a child in his third lustrum: but in a wilderness-in so magnificent a wilderness as that old principality, fifteen years have a far deeper meaning.

Taking as its point of departure recent insights about the performative nature of genre, The Poetics and Politics of the American Gothic challenges the critical tendency to accept at face value that gothic literature is mainly about fear. Instead, Agnieszka Soltysik Monnet argues that the American Gothic, and gothic literature in general, is also about judgment: how to judge and what happens when judgment is confronted with situations that defy its limits. Poe, Hawthorne, Melville, Gilman, and James all shared a concern with the political and ideological debates of their time, but tended to approach these debates indirectly. Thus, Monnet suggests, while slavery and race are not the explicit subject matter of antebellum works by Poe and Hawthorne, they nevertheless permeate it through suggestive analogies and tacit references. Similarly, Melville, Gilman, and James use the gothic to explore the categories of gender and sexuality that were being renegotiated during the latter half of the century. Focusing on "The Fall of the House of Usher," The Marble Faun, Pierre, The Turn of the Screw, and "The Yellow Wallpaper," Monnet brings to bear minor texts by the same authors that further enrich her innovative readings of these canonical works. At the same time, her study persuasively argues that the Gothic's endurance and ubiquity are in large part related to its being uniquely adapted to rehearse questions about judgment and justice that continue to fascinate and disturb.
