At twelve, Howard Dully was guilty of the same crimes as other boys his age: he was moody and messy, rambunctious with his brothers, contrary just to prove a point, and perpetually at odds with his parents. Yet somehow, this normal boy became one of the youngest people on whom Dr. Walter Freeman performed his barbaric transorbital—or ice pick—lobotomy. Abandoned by his family within a year ...

Writing a memoir means you ' re author and subject, researcher and storyteller, narrator and audience. That ' s a lot to ask of any writer, though a good way to begin the challenge of writing a memoir is to start a list of the most memorable events of your life. Don ' t start on the actual book manuscript until you have at least a page filled with things that seem worthy of sharing — moments ...
