New Testament Exegesis, Third Edition : A Handbook for Students and Pastors. 4.14 (839 ratings by Goodreads) Paperback. English. By (author) Gordon D. Fee. Share. Building on the belief that the task of exegesis is to understand the divine-human intention locked within the biblical text, Gordon Fee provides a lucid step-by-step analysis of exegetical procedures that has made New Testament Exegesis a standard textbook for nearly two decades.

~~New Testament Exegesis, Third Edition : Gordon D. Fee ...~~

This is a nice concise book that covers the process of doing an exegesis of a New Testament pericope. Like the companion volume on the Old Testament by Stuart, the book begins with reconstructing the text all the way through translation and historical and theological context.

The third edition of this handbook provides a step-by-step guide to writing an exegetical paper on the New Testament. It takes into account the latest advances in methodology as well as resources. 10 illustrations.

The third edition of this handbook provides a step-by-step guide to writing an exegetical paper on the New Testament. It takes into account the latest advances in methodology as well as resources. 10 illustrations.

For years, Douglas Stuart's Old Testament Exegesis has been one of the most popular ways to learn how to perform exegesis--the science and art of interpreting biblical texts properly for understanding as well as proclamation. Completely updated and substantially expanded, this new edition includes scores of newer resources, a new configuration of the format for the exegesis process, and an entirely new section explaining where to find and how to use the latest electronic and online resources for doing biblical research. Stuart provides guidance for full exegesis as well as for a quicker approach to provide information specifically tailored to the task of preaching. A glossary of terms explains the sometimes bewildering language of biblical scholarship, and a list of frequent errors guides the student in avoiding common mistakes. No exegetical guide for the Old Testament has been more widely used in training ministers and students to be faithful, careful interpreters of Scripture.

In this revised and expanded edition of Elements of Biblical Exegesis: A Basic Guide for Students and Ministers, Michael J. Gorman presents a straightforward approach to the complex task of biblical exegesis. Designed for students, teachers, and ministers, this hands-on guide breaks the task down into seven distinct elements. For each of these, Gorman supplies a clear explanation, practical hints, and suggested exercises to help the reader develop exegetical proficiency. The new edition addresses more fully the meaning of theological interpretation and provides updated print and internet resources for those who want to pursue further study in any aspect of exegesis. Appendixes offer three sample exegesis papers and practical guidelines for writing a research exegesis paper.

This handbook provides a one-stop-shopping guide to the New Testament exegetical method. Brief and approachable, it offers both a broad overview of the exegetical process and a step-by-step approach to studying the New Testament in depth, helping students and pastors understand the text and appropriate it responsibly. The book is chock-full of illustrations of New Testament texts where the method under discussion truly makes a difference. "A wonderfully clear and accessible handbook for New Testament exegesis. Exegetically rigorous, theologically informed, and practically useful."--Thomas R. Schreiner, Southern Baptist Theological Seminary

Let's face it. Just the word exegesis puts some of us on edge. We are excited about learning to interpret the Bible, but the thought of exegetical method evokes a chill. Some textbooks on exegesis do nothing to overcome these apprehensions. The language is dense. The concepts are hard. And the expectations are way too high. However, the skills that we need to learn are ones that a minister of the gospel will use every week. Exegesis provides the process for listening, for hearing the biblical text as if you were an ordinary intelligent person listening to a letter from Paul or a Gospel of Mark in first-century Corinth or Ephesus or Antioch. This book by Richard Erickson will help you learn this skill. Thoroughly accessible to students,

it clearly introduces the essential methods of interpreting the New Testament, giving students a solid grasp of basic skills while encouraging practice and holding out manageable goals and expectations. Numerous helps and illustrations clarify, summarize and illuminate the principles. And a wealth of exercises tied to each chapter are available on the web. This is a book distinguished not so much by what it covers as by how: it removes the "fear factor" of exegesis. There are many guides to New Testament exegesis, but this one is the most accessible--and fun!

John Hayes and Carl Holladay have thoroughly revised and expanded this best-selling textbook, adding new chapters on emerging methods of interpretation and the use of computer technology for exegesis. All bibliographies have been updated, and Scripture has been converted to the NRSV. This new edition retains the features of the early editions: a minimum of technical terms, solid introductory guidelines in exegetical methods, and a valuable presentation of exegetical theory and practice. It is ideal for general introductory exegesis courses, introductions to the Old and New Testaments, and introduction to preaching, as well as for pastors and lay leaders.

In the critically acclaimed best-seller, *Women's Bible Commentary*, an outstanding group of women scholars introduced and summarized each book of the Bible and commented on those sections of each book that have particular relevance to women, focusing on female characters, symbols, life situations such as marriage and family, the legal status of women, and religious principles that affect relationships of women and men. Now, this expanded edition provides similar insights on the Apocrypha, presenting a significant view of the lives and religious experiences of women as well as attitudes toward women in the Second Temple period. This expanded edition sets a new standard for women's and biblical studies.

These eighteen pieces have been commissioned to provide a succinct yet comprehensive guide to the best of recent evangelical thinking about how the New Testament is to be interpreted, so that it may speak most clearly to today's world. The need for such a handbook can be felt more keenly as on the one side a secularized world dismisses the biblical faith as outmoded, unworkable, and unsatisfying; and, on the other, numerous Christian communities, committed to taking that faith with ultimate seriousness, are driven by controversies about how to read and understand the Bible. Following the editor's introduction, in which I. Howard Marshall examines a familiar New Testament passage in order to exemplify the problems and rewards that await the careful interpreter, the essays are arranged under four headings, beginning with overviews of the history of New Testament study and the role of the interpreter's presuppositions in this enterprise; then going on to discuss the various critical tools, the methods of exegesis, and the application of the New Testament to the faith and life of the contemporary reader. An annotated bibliography concludes the presentation. Because the issues involved here have too often been ignored in many quarters, more than one approach to or opinion about a given matter may surface in these essays; yet, undergirding this diversity is the author's shared conviction, as conservative evangelicals with a high regard for the authority of Holy Scripture, that we are called upon to study the Bible with the full use of our minds. As the editor writes, The passages which we interpret must be the means through which God speaks to men and women today. Our belief in the inspiration of the Bible is thus a testimony that New Testament exegesis is not just a problem; it is a real possibility. God can and does speak to men through even the most ignorant of expositors of his Word. At the same time he calls us on to devote ourselves to his Word and use every resource to make its message the more clear.

Introduction to Biblical Interpretation, now in its third edition, is a classic hermeneutics textbook that sets forth concise, logical, and practical guidelines for discovering the truth in God's Word. With updates and revisions throughout that keep pace with current scholarship, this book offers students the best and most up-to-date information needed to interpret Scripture. *Introduction to Biblical Interpretation*: Defines and describes hermeneutics, the science of biblical interpretation Suggests effective methods to understand the meaning of the biblical text Surveys the literary, cultural, social, and historical issues that impact any text Evaluates both traditional and modern approaches to Bible interpretation Examines the reader's role as an interpreter of the text and helps identify what the reader brings to the text that could distort its message Tackles the problem of how to apply the Bible in valid and significant ways today Provides an extensive and revised annotated list of books that readers will find helpful in the practice of biblical interpretation Used in college and seminary classrooms around the world, this volume is a trusted and valuable tool for students and other readers who desire to understand and apply the Bible.
