A lively, immersive history by an award-winning urbanist of New York City ' s transformation, and the lessons it offers for the city ' s future. Dangerous, filthy, and falling apart, garbage piled on its streets and entire neighborhoods reduced to rubble; New York ' s terrifying, if liberating, state of nature in 1978 also made it the capital of American culture. Over the next thirty-plus years, though, it became a different place—kinder and meaner, richer and poorer, more like America and less like what it had always been. New York, New York, New York, Thomas Dyja ' s sweeping account of this metamorphosis, shows it wasn ' t the work of a single policy, mastermind, or economic theory, nor was it a morality tale of gentrification or crime. Instead, three New Yorks evolved in turn. After brutal retrenchment came the dazzling Koch Renaissance and the Dinkins years that left the city ' s liberal traditions battered but laid the foundation for the safe streets and dotcom excess of Giuliani ' s Reformation in the ' 90s. Then the planes hit on 9/11. The shaky city handed itself over to Bloomberg who merged City Hall into his personal empire, launching its Reimagination. From Hip Hop crews to Wall Street bankers, D.V. to Jay-Z, Dyja weaves New Yorkers famous, infamous, and unknown—Yuppies, hipsters, tech nerds, and artists; community organizers and the immigrants who made this a truly global place—into a narrative of a city creating ways of life that would ultimately change cities everywhere. With great success, though, came grave mistakes. The urbanism that reclaimed public space became a means of control, the police who made streets safe became an occupying army, technology went from a means to the end. Now, as anxiety fills New Yorker ' s hearts and empties its public spaces, it ' s clear that what brought the city back—proximity, density, and human exchange—are what sent Covid-19 burning through its streets, and the price of order has come

The must-have guide to pop culture, history, and world-changing ideas that started in New York City, from the magazine at the center of it all. Since its founding in 1624, New York City has been a place that creates things. What began as a trading post for beaver pelts soon transformed into a hub of technological, social, and cultural innovation—but beyond fostering literal inventions like the elevator (inside Cooper Union in 1853), Q-tips (by Polish immigrant Leo Gerstenzang in 1923), General Tso ' s chicken (reimagined for American tastes in the 1970s by one of its Hunanese creators), the singles bar (1965 on the
