Whether you're looking to make a career out of flipping homes or see it as a part-time venture, you can make fast money legitimately. Before you get started, you need to know the right way to flip, regardless of local market conditions and current economic trends. There's more to flipping than redoing a kitchen or staging a property. Every deal is different, and each investor must have a clear business strategy. From the bestselling authors of *Flipping Properties*, which brought the term "flipping" to American households, *The Business of Flipping Homes* is an A-to-Z guide for both new and seasoned investors. The book explains what flipping is and isn't, goes beyond the investment of a basic single-family home, and demonstrates how to find, renovate, and sell properties using proven methods. With more than 40 years combined experience in buying and selling investment properties, Bronchick and Dahlstrom explain how to avoid many of the pitfalls and issues that could drain your funds and come back to haunt you. They give systematic approaches on long-term planning, including how to find and work with partners, structure a business, and utilize your specific talents, resources, and aspirations in realistic ways. You'll learn how to figure out timelines, work with real-estate agents, understand the paperwork, analyze the numbers, utilize technology, and, most important, find the money.
