Poetry is a form of literature that uses aesthetic and rhythmic qualities of language-such as phonaesthetics, sound symbolism, and metre-to evoke meanings in addition to, or in place of, the prosaic ostensible meaning. Poetry has a long history, dating back to the Sumerian Epic of Gilgamesh. Early poems evolved from folk songs such as the Chinese Shijing, or from a need to retell oral epics, as with the Sanskrit Vedas, Zoroastrian Gathas, and the Homeric epics, the Iliad and the Odyssey. Poetry uses forms and conventions to suggest differential interpretation to words, or to evoke emotive responses. Devices such as assonance, alliteration, onomatopoeia and rhythm are sometimes used to achieve musical or incantatory effects. The use of ambiguity, symbolism, irony and other stylistic elements of poetic diction often leaves a poem open to multiple interpretations. Similarly figures of speech such as metaphor, simile and metonymy create a resonance between otherwise disparate images-a layering of meanings, forming connections previously not perceived. This book outlines the literary devices used in poetry.

Buchanan. The Great Gatsby explores themes of decadence, idealism, resistance to change, social upheaval, and excess, creating a portrait of the Jazz Age or the Roaring Twenties that has been described as a cautionary tale regarding the American Dream. Set on the prosperous Long Island of 1922, The Great Gatsby provides a critical social history of America during the Roaring Twenties within its fictional narrative. That era, known for profound economic prosperity, the development of jazz music flapper culture, new technologies in communication (motion pictures, broadcast radio, recorded music) forging a genuine mass culture; and bootlegging, along with other criminal activity, is plausibly depicted in Fitzgerald's novel. Fitzgerald uses many of these societal developments of the 1920s that were to build Gatsby's stories from many of the simple details like automobiles to broader themes like Fitzgerald's discreet allusions to the organized crime culture which was the source of Gatsby's fortune. Fitzgerald depicts the garish society of the Roaring Twenties by placing the book's plotline within the historical context of the era.

The Allegory of the Cave, or Plato's Cave, was presented by the Greek philosopher Plato in his work Republic (514a–520a) to compare "the effect of education (???????) and the lack of it on our nature". It is written as a dialogue between Plato's brother Glaucon and his mentor Socrates, narrated by the latter. The allegory is presented after the analogy of the sun (508b–509c) and the analogy of the divided line (509d–511e). All three are characterized in relation to dialectic at the end of Books VII and VIII (531d–534e). Plato has Socrates describe a group of people who have lived chained to the wall of a cave all of their lives, facing a blank wall. The people watch shadows projected on the wall from objects passing in front of a fire behind them, and give names to these shadows. The shadows are the prisoners' reality.

Rhetoric is among the most ancient academic disciplines, and we all use it every day whether expertly or not. This book is a lively set of lessons on the subject. It is about rhetorical figures: practical ways of applying old and powerful principles--repetition and variety, suspense and relief, concealment and surprise, the creation of expectations and then the satisfaction or frustration of them--to the composition of a simple sentence or a complete paragraph. --from publisher description.
