The Ford 2.3-liter in-line four-cylinder engine, commonly called the Lima engine because Ford manufactured it in Lima, Ohio, belongs to the 2.0-, 2.3- and 2.5-liter engine family. Ford produced the 2.3-liter engine from 1974 to 1997. The engine is not related to Ford's in-four-cylinders that powered the 1932 to 1934 Model B cars.
