Oracle Financial Services Documentation

Redwood Shores, Calif.—October 20, 2020. Corporations are under constant pressure to efficiently manage capital and adapt to changing environments. In turn, banks must offer transaction-banking solutions that can rapidly scale based on the dynamic shifts with corporate client demands. With the new Oracle Banking Virtual Account Management Cloud Service banks can quickly deploy a wide range of banking services that help their corporate customers easily access their cash position and manage ...

Banks Modernize Transaction Services in the Cloud with Oracle

Oracle Banking Digital Experience (OBDX) has been chosen alongside FLEXCUBE by multiple banks including Al Nile Bank and Balad Bank in Sudan, as well as Libya's Alyaqeen and Andalus Banks, and a postal bank in Senegal. With OBDX, banks can build on their existing infrastructure to launch new digital brands, automate processes, modernize experiences or launch innovative new digital capabilities, such as mobile payments and digital wallets.
