PR5819.A2 M543 2003. The Picture of Dorian Gray is a Gothic and philosophical novel by Oscar Wilde, first published complete in the July 1890 issue of Lippincott's Monthly Magazine. Fearing the story was indecent, prior to publication the magazine's editor deleted roughly five hundred words without Wilde's knowledge.

The Picture of Dorian Gray - Wikipedia

The Picture of Dorian Gray, moral fantasy novel by Irish writer Oscar Wilde, published first in Lippincott's Monthly Magazine in 1890 and as a book in 1891. It is an archetypal tale of a young man who purchases eternal youth at the expense of his soul and a romantic exposition of Wilde's own Aestheticism.

The Picture of Dorian Gray Quotes by Oscar Wilde

Q: Why is Oscar Wilde considered the father of the Aesthetic Movement? Oscar Wilde is known as the father of the Aesthetic Movement as he was vocally interested only in the literary study of beauty and aesthetics.

Oscar Wilde's Role in Literature's "Aesthetic Movement"

Oscar Wilde, in full Oscar Fingal O'Flahertie Wills Wilde, (born October 16, 1854, Dublin, Ireland—died November 30, 1900, Paris, France), Irish wit, poet, and dramatist whose reputation rests on his only novel, The Picture of Dorian Gray (1891), and on his comic masterpieces Lady Windermere's Fan (1892) and The Importance of Being Earnest (1895). He was a spokesman for the late 19th-century Aesthetic movement in England, which advocated art for art's sake, and he was the object of ...

How Oscar Wilde Painted Over "Dorian Gray" | The New Yorker

Oscar Wilde's novel, Picture of Dorian Gray, portrays the dichotomy of the double life led by Dorian Gray.¹ The contrast between the portrait and Dorian personifies the universal battle of sin versus morale and ultimately serves as a moral compass for society.² Dorian's development of a double life identifies with the results of sociological oppression leading to confinement.³ The development of this contrasting lifestyle inevitably influences a fatal deterioration of his soul and heart ...

All the latest breaking UK and world news with in-depth comment and analysis, pictures and videos from MailOnline and the Daily Mail.

A handsome, dissolute man who sells his soul for eternal youth is horrified to see the reflection of his degeneration in the distorted features of his portrait.

Will Self's DORIAN is a "shameless imitation" of Oscar Wilde's The Picture of Dorian Gray that reimagines the novel in the milieu of London's early-80s art scene, which for liberated homosexuals were a golden era of sex, drugs and decadence before the AIDS epidemic struck later in the decade. It is "an age in which appearances matter more and more and more. Only the shallowest of people won't judge by them." Young Dorian Gray, just out of school, is a trust funded, impressionable Adonis-like blonde with none of the cynicism of the characters who end up corrupting his innocence even as they love him for it. He arrives in London to help socialite and philanthropist Phyllis Hawtree with her project of running a shelter for young drug addicts. He knows he is strikingly beautiful, that he could be a male model, but he tries not to get too caught up in the "looks thing." Basil Hallward, an artist friend of Phyllis's son Henry Wotton, meets Dorian and immediately falls for him, asking him to pose for a video installation called Cathode Narcissus, wherein Dorian is surrounded by nine television monitors which project images of himself looking into a mirror. In the book's final pages, we discover that Dorian is so taken by the images that he makes a wish that they will age while he remains eternally young. And indeed, Dorian soon swears he sees some faint traces of aging in the images. Meanwhile Dorian is so impressed with the witty, sophisticated banter between Baz and Wotton that he immediately wants to be part of their world (he is described as a social chameleon, easily slipping into the characteristics and fashions and mannerisms of those around him). Dorian, then, breaks up with his college girlfriend and takes up with Baz's friend Wotton, a rich, intelligent but affectless homosexual boozier and cokehead (and careless Jaguar driver) who has a loveless marriage of convenience with the socialite Lady Victoria, a somewhat batty woman who is fine to live in denial of her husband's sexuality so long as their marriage keeps bringing in a flood of party invitations. Jealous of Baz's affections for Dorian and eager to see Dorian "thoroughly pleasure this jaded century" via his unparalleled looks and money, he takes Dorian under his wing and Dorian soon grows to prefer the wild, devil-may-care Wotton over the earnest, somewhat pretentious Baz. ("Baz Hallward the wayward acolyte, seething with energy and

Read Book Oscar Wilde The Picture Of Dorian Gray Ancestry

umptiousness; while the younger man [Wotton] played the part of his mentor, consumed with cool, eaten up with indifference.") "Dorian knew his own limitation: he had money but no real style. His upbringing had been here and there, on the fringes of film sets, in foreign hotelsâ€¦ It had given him polish but no shine. He lacked the deep lustre of someone like Wotton." But in truth, Wotton is no better himself: "Henry Wotton was subject to saying to anyone who would listen that the chameleon is the most significant of modern types." And while outer appearance would seem to belie this, the truth was that beneath the Planet of Wotton was a realm of complete flux." The characters to which Wotton introduces Dorian are no better: drug addicts who revere Dorian only for his looks and money. As Dorian gets caught up in this world he becomes every bit as superficial as these people: "Dorian had begun to display talents in the only two areas of life that are worth considering, he was becoming a seducer par excellence, and he was transforming himself into an artificer of distinction, a person who is capable of employing all of the objective world to gain his own end." He eventually falls for a junkie named Herman largely for his beautiful black skin. To celebrate the debut of Cathode Narcissus, Dorian invites Herman over for an orgy with Wotton, Baz, and the others although not as jaded as Dorian has become (and apparently not a homosexual), Herman's craving for drugs is such that he agrees, and at the party he shares a needle with the other attendees and unwittingly infects them with AIDS. After the party, perhaps because he is ashamed of what he has sunk to, he kills himself in the street. PART TWO: TRANSMISSION Ten years have passed, and Henry Wotton now lies in a hospital bed on the AIDS ward. He knows he is dying, as is his friend Baz who visits him now for the first time in years, but unlike Baz, Wotton has continued to live the life that brought him down, bribing the hospital employees to let his dealer visit him. His wife is in absolute denial, calling Wottonâ€™s infection a "bug." Baz becomes angry that Wotton is not taking care of himself (having been clean for five years, Baz has recovered his soul). He tells Wotton about his move to New York City in the early eighties, when Manhattan was "at the very peak of a great mountain of depravity." His drug habit drove him to poverty and homelessness and he eventually ended up an errand boy for three transvestite cabaret acts who housed him in their squaliiiiid apartment. Dorian found him here and "saved" him by cleaning him up and taking him shopping so that Baz might introduce him to some of his downtown connections (Warhol, Mapplethorpe, Burroughs, etc.) This doesnâ€™t really happen, but Dorian does manage to "put himself at the center of every season," ever-popular for his looks, fake refinement, and money. "His social promiscuity and his sexual promiscuity have had the same bewildering effect" that of making him incomprehensible, unknowable. Is he gay or straight? Is he nob or yob? And incidentally, how old is he exactly? Dorian discovers gay nightlife, sleeping with hundreds (maybe thousands) of men and in one brutal instance he later recalls with glee, beating a man to death as he sodomizes him in the basement of the Mineshaft nightclub. Eventually, however, when the AIDS scare begins, Dorian popularity lessens when many suspect

Read Book Oscar Wilde The Picture Of Dorian Gray Ancestry

that he is knowingly transmitting the disease. When Wotton returns from the AIDS ward, a dinner party is thrown and Dorian shows up unexpectedly. Wotton and Baz are shocked to see that he looks exactly as he did ten years ago—he hasn't aged a bit and apparently doesn't have AIDS. During the party Baz tells Dorian that he would like to photograph Cathode Narcissus for an upcoming retrospective and Dorian invites Baz back to his mews home to see it. There, Dorian offers Baz oral sex and his first hit in five years. He tells Baz of the wish he made when he first saw Cathode Narcissus and reveals that ever since then, the images have indeed been aging while he stays young. When Baz refuses to believe it Dorian reveals the monitors and sure enough they play horrifying images of an AIDS-stricken Dorian—concentration camp victims forced to dance by some insane Nazi doctor. When Baz refuses to copy the tapes for Dorian so that he can continue to preserve his youth, Dorian brutally stabs Baz several times, killing him without compunction. Baz joined the wraithlike Dorians, who had stepped down from their monitors to meet him and in the null space in the middle of the null room, the ten of them linked hands, formed a ring, and commenced a stately dance. EPILOGUE As it turns out, everything up until this point is the text of a novel written by Henry Wotton, who is now dead of AIDS and has left the book for Dorian and Victoria. Dorian is hurt and indignant about the way he is portrayed: he insists that he never killed anyone, he is not a shallow narcissus but rather someone who genuinely cares about the good of others, he is not a free-loading model but has worked hard as the publisher of a fashion/design magazine. He brushes the book off but as he tries to go on with his work of preserving the now-famous work of Baz, the cynical narrative voice of Henry Wotton's book keeps intruding into his thoughts until finally, as Dorian visits the scene of his friend Princess Diana's fatal crash, Wotton reappears and cuts his throat.

Dorian Gray is the subject of a full-length portrait in oil by Basil Hallward, an artist impressed and infatuated by Dorian's beauty; he believes that Dorian's beauty is responsible for the new mood in his art as a painter. Through Basil, Dorian meets Lord Henry Wotton, and he soon is enthralled by the aristocrat's hedonistic world view: that beauty and sensual fulfilment are the only things worth pursuing in life. Newly understanding that his beauty will fade, Dorian expresses the desire to sell his soul, to ensure that the picture, rather than he, will age and fade. The wish is granted, and Dorian pursues a libertine life of varied amoral experiences while staying young and beautiful; all the while, his portrait ages and records every sin. The Picture of Dorian Gray is a Gothic and philosophical novel by Oscar Wilde, first published complete in the July 1890 issue of Lippincott's Monthly Magazine. Fearing the story was indecent, the magazine's editor deleted roughly five hundred words before publication without Wilde's knowledge. Despite that censorship, The Picture of Dorian Gray offended the moral sensibilities of British book reviewers, some of whom said that Oscar Wilde merited prosecution

Read Book Oscar Wilde The Picture Of Dorian Gray Ancestry

for violating the laws guarding public morality. In response, Wilde aggressively defended his novel and art in correspondence with the British press, although he personally made excisions of some of the most controversial material when revising and lengthening the story for book publication the following year. Oscar Fingal O'Flahertie Wills Wilde (16 October 1854 - 30 November 1900) was an Irish poet and playwright. After writing in different forms throughout the 1880s, he became one of London's most popular playwrights in the early 1890s. He is best remembered for his epigrams and plays, his novel *The Picture of Dorian Gray*, and the circumstances of his criminal conviction for "gross indecency", imprisonment, and early death at age 46.

A pivotal figure in nineteenth-century literature, Oscar Wilde was a multitalented and multifaceted writer. His large and diverse body of work includes immensely popular stage plays, the highly regarded novel *The Picture of Dorian Gray*, several collections of exquisitely crafted short fiction, critical essays that influenced how the world looks at art, and elegant verse. This 2012 leatherbound omnibus edition of Wilde's writing collects the full contents of his short-fiction collection *Lord Arthur Savile's Crime and Other Stories*, and his two collections of fairy tales for young readers, *The Happy Prince and Other Tales* and *A House of Pomegranates*. Also included is *The Picture of Dorian Gray*, a novel that scandalised Victorian England when it was published in 1891 and that has since been acknowledged a brilliant commentary on art and the society depicted in it. The volume concludes with all nine stage plays that Wilde finished in his lifetime, among them the masterpieces of wit and comedy, *The Importance of Being Earnest* and *An Ideal Husband*". Decorative, durable, and collectible, this book offers hours of reading pleasure and is an indispensable cornerstone for any home library.

The Picture of Dorian Gray by Oscar Wilde from Coterie Classics All Coterie Classics have been formatted for ereaders and devices and include a bonus link to the free audio book. "Those who find ugly meanings in beautiful things are corrupt without being charming. This is a fault. Those who find beautiful meanings in beautiful things are the cultivated. For these there is hope. They are the elect to whom beautiful things mean only Beauty. There is no such thing as a moral or an immoral book. Books are well written, or badly written. That is all." ? Oscar Wilde, *The Picture of Dorian Gray* A man sells his soul for eternal youth and scandalizes the city in Oscar Wilde's *The Picture of Dorian Gray*.

Publishes for the first time the author's original, uncensored typescript, in an annotated edition with 60 color illustrations.

This Prestwick House Literary Touchstone Edition? includes a glossary and reader?s notes to help the

Read Book Oscar Wilde The Picture Of Dorian Gray Ancestry

modern reader contend with Wilde's many allusions and his complex approach to the human condition. Oscar Wilde's only novel, *The Picture of Dorian Gray*, first appeared in 1891. Dorian Gray, a handsome young man, falls in with a group of "friends," whose amoral philosophies he finds quite appealing. After he has his portrait painted, his frivolity and general demeanor degenerate into wickedness, but only the portrait bears the effects of his descent into decadence and serves as a powerful symbol of Gray's internal ruin. Dorian himself, however, remains as young and unspoiled as the day he first sat for the painting. Wilde's exploration of life without limits or consequences shocked its late-Victorian audience and remains highly un-settling to modern readers. We, like Dorian, are forced to reconsider whether total freedom and absolute knowledge are really worth their costs.

Here is a collection of this witty and irreverent author's works--all in their most authoritative texts. Includes *The Picture of Dorian Gray*, *The Importance of Being Earnest*, and other stories and essays.

Seminar paper from the year 2010 in the subject American Studies - Literature, grade: 2.0, University of Kassel, course: Anglo-American Literature, language: English, abstract: Oscar Wilde's only novel, *The Picture of Dorian Gray*, can be considered a revolutionary piece of literature not only because it broke out of the traditional value and belief pattern of the Victorian society but also because it replaced the traditional pattern with new concepts coined by Wilde and his former tutors. Several themes such as homoeroticism, an aesthetic lifestyle or influence and corruption, were issues that many had been afraid to address in the time before Wilde. In this research paper, I will place my main focus on the matter of aestheticism, the causes that it has and the consequences that result from an aesthetic lifestyle. In order to analyze these aspects, it is inevitable to have a closer look at Oscar Wilde's beliefs about art and morality which serve as a basis for understanding the main character's behavior in the novel. To begin my paper, I will outline Wilde's thoughts on art and aestheticism as presented in his famous selection, *Intentions*, which consists of a number of essays and dialogues on aesthetics as well as his preface to *The Picture of Dorian Gray* that has been regarded as Wilde's personal praise of aestheticism. This background information is essential to understanding the main character's motivations in the story, which can often be related to Wilde's life as an artist. I will then make a detailed analysis of the characters Basil Hallward, Lord Henry Wotton, Sibyl Vane and Dorian Gray and will explain how their aesthetic behavior and their moral beliefs can be linked to Wilde's thoughts. To end, I will attempt to summarize my findings referring to the statement that Wilde also included criticism of aestheticism in his novel. The term 'aestheticism' derives from Greek, meaning "perceiving through senses" and is a nineteenth-century European concept that rej
