Laissez-vous inspirer par la musique ! Après avoir retracé les étapes du dialogue séculaire entre musique et pensée, cet ouvrage nourrit le management de pistes d'action directement issues de la musique. Voici le manager rationnel qui se révèle à lui-même ! Il maîtrise ses émotions, improvise dans la discipline, se situe dans la durée, et affine sa réflexion sur les mérites comparés du langage et du silence, de la rigueur et de la séduction, de la nuance et du rythme. Bien entendu, un ouvrage situé aux confins de l'entreprise et de la musique ne saurait ignorer la réalité de l'orchestre. Si l'auteur met en évidence les leviers d'action communs aux deux univers, il trace nettement les limites d'une telle comparaison et s'interdit toute superposition hâtive. Riche de multiples références musicales et de suggestions discographiques, Le manager musicien offre également une réflexion sur le triple sujet de la diversité, de l'apprentissage et du leadership.
