Everything you need to prepare for the ITIL exam – Accredited to 2011 syllabus The ITIL (Information Technology Infrastructure Library) exam is the ultimate certification for IT service management. This essential resource is a complete guide to preparing for the ITIL Foundation exam and includes everything you need for success. Organized around the ITIL Foundation (2011) syllabus, the study guide addresses the ITIL Service Lifecycles, the ITIL processes, roles, and functions, and also thoroughly explains how the Service Lifecycle provides effective and efficient IT services. Offers an introduction to IT service management and ITIL V3 service strategy Highlights the topics of service design and development and the service management processes Reviews the building, testing, authorizing, documenting, and implementation of new and changed services into operation Addresses creating and maintaining value for customers through monitoring and improving services, processes, and technology Download valuable study tools including practice exams, flashcards, a glossary of key terms and more. If you prefer self-study over the more expensive training course, but you don't want to skimp on information or preparation, then this study guide is for you.

This book presents the latest syllabus content and expert examination guidance, making it the definitive study aid for the IT service management intermediate examinations. Containing practical advice for candidates on how to prepare for and answer examination questions on the service lifecycle and service capability streams, the book also covers the syllabus topics which are common across most of the modules. Chapters are organised with references to the core publications, and self-assessment questions help students prioritise those topics they need to revise. The book contains sample exam questions, advice on how to dissect questions and scenarios, and exam answers that are thoroughly explained to aid the learning process.

Ideal guidance for IT professionals who are responsible for managing the direction and strategy of their IT team or organisation. This book helps you understand the Digital and IT Strategy module towards Strategic Leader, as well as provide daily expert reference guidance for day-to-day problems.

ITIL Practitioner Guidance is the essential reference text which accompanies the ITIL Practitioner qualification. Fully integrated with the ITIL Practitioner syllabus, this publication is also a practical guide that helps IT service management (ITSM) professionals turn ITIL theory into practice through case studies, worksheets, templates and scenarios. The book assumes knowledge of ITIL and ITSM up to ITIL Foundation level, and begins with a discussion of the guiding principles of ITSM. It goes on to explain how these guiding principles are essential for ITSM and how they relate to philosophies, frameworks and methodologies such as DevOps, Lean, Agile etc. The publication shows how following the CSI (continual service improvement) approach, and how the core skills of organizational change management, communication, metrics and measurement, can underpin successful ITSM improvement initiatives.

The ITIL (Information Technology Infrastructure Library) V3 Foundation Complete Certification Kit is the most complete guide for anyone involved in IT Service Management and who are aiming to take the ITIL V3 Foundation exam, whether they be first-time ITIL learners or seasoned IT professionals. Still a number one best-seller for IT Management from Amazon.com to Barnes and Noble and many more, this 2009 edition has refreshed the study guide and online learning program, with its updated, inspiring, and detailed plan for passing your ITIL V3 Foundation exam on the first attempt. With new examples, instructions, and cautionary advice, the ITIL V3 Foundation Complete Certification Kit is, to quote numerous of ITIL certified clients, "the gold standard of ITIL Certification." As the industry standard in terms of Process, Service and Lifecycle Management for IT, the ITIL Foundation exam is the most popular entry-level certification, particularly for individuals switching from another career to IT. This kit prepares you for the certification exam by offering valuable information on the ITIL framework, ITIL certification and IT Service Management as a practice. This certification kit contains both the study guide and access to our online program that together provides everything you need to prepare for the ITIL V3 Foundation certification exam, including - Real-world scenarios that describe what you've learned in the context of service solutions. These include thought provoking questions to challenge your thinking and understanding - Section reviews for each chapter to help you zero in on what you need to know and includes practice exam questions - A Real World Guide to ITIL V3 Skills. Key information and real world examples organized around the actual day-to-day tasks and challenges you'll face in the field of IT Service Management. - Ability to assess what you've learned with challenging ITIL Foundation exam style questions. - Adobe Flash presentations that you can view and replay as many times as required, facilitated by certified ITIL trainers who explain each of the topics and concepts of ITIL - Materials developed on the specific syllabus and exam criteria - so that you can be confident in achieving exam success on your first attempt. Editorial Reviews - Read the book, took the online course and test, PASSED - This ITIL exam prep book and course are an invaluable study aid for passing the ITIL Foundation exam. Highly recommended. - I've been an IS project manager for over 10 years. I've studied ITIL materials in preparation, but took no courses or workshops. I studied this book and its accompanying course for 10 days immediately preceding my exam. Read the book about 3 times. - I took the ITIL Foundation exam and got 98% of the questions correct. I think that the study tips in the book and course helped me get about 15-20 questions right that I might have otherwise missed. (your mileage may vary) - The book and course made me confident in sitting the exam, and is the best such book that I've come across. - Worth it especially since you have access to the online learning component as well. - Good focus on ITIL's processes (things important to ITIL Foundation and passing the test that your experience in IT may not help you) - Highly recommended. I passed in one go!
