When it comes to explaining fundamental economic principles by drawing on current economic issues and events, there is no one more effective than Nobel laureate and New York Times columnist Paul Krugman and co-author, Robin Wells. In this best-selling introductory textbook, Krugman and Wells' signature storytelling style and uncanny eye for revealing examples help readers understand how economic concepts play out in our world. This new edition is revised and enhanced throughout, including: Current events framed by the world's best communicators of economics. No other text stays as fresh as Krugman and Wells. The authors—who have explained economics to millions through trade books and newspaper columns—offer a new online feature, News Analysis, that pairs journalistic takes on pressing issues with questions based on Bloom's taxonomy. Thi s complements the text's unparalleled coverage of current topics: sustainability, the economic impact of technology, pressing policy debates, and much more. A richer commitment to broadening students' understanding of the global economy. With unparalleled insight and clarity, the authors use their hallmark narrative approach to take students outside of the classroom and into our gl obal world. Starting with a new opening story on the economic transformation in China's Pearl River Delta, the global focus is carried throughout with more on the ascendance of China's economy, the Euro and events in Europe (including Brexit), and post-recession economies around the globe. Thoroughly updated throughout. The fifth edition has been updated to reflect our always changing world. Along with updated graphs and changes in every chapter in the text, the new edition features 12 new chapter-opening stories, 18 new business cases, and 35 new Economics in Action Applications.

Available for the first time with Macmillan's new online learning platform, Achieve, Krugman and Wells' widely adopted text is more effective than ever at helping students reach new levels of economic understanding. When it comes to explaining fundamental economic principles by drawing on current economic issues and events, there is no one more effective than Nobel laureate and New York Times columnist Paul Krugman and co-author, Robin Wells. In this best-selling introductory textbook, Krugman and Wells' signature storytelling style and uncanny eye for revealing examples help readers understand how economic concepts play out in our world. Along with the addition of Achieve, the new edition is revised and enhanced throughout, including a powerful new online version in Achieve, incisive new looks at market power and externalities in microeconomics, and updated analysis of long-run growth and extensive coverage of the economic impacts and policy responses to the coronavirus pandemic in macroeconomics.

Paul Krugman's grasp of economics in action and his uncanny way of translating complex issues into everyday terms have made him the most widely read economist writing for the general public today. He has been awarded the 2008 prize in Economic Sciences for his study of international trade and the effects of globalization. What's new? a- chapter order -- re-organized from the 1st edition to reflect how the subject is taught; b- stronger international focus -- Global issues are dealt with throughout the text and emphasis is placed on looking at topics from an international perspective; c- global Comparison boxes -- uses data driven examples to illustrate the international dimension of economic concepts; d- new chapters on Taxes, Inflation and Unemployment; e- coverage of the financial crisis. Strengths: a- real world examples, stories, applications and case studies -- These teach the core concepts and motivate learning; b- the writing style is accessible, entertaining and friendly; c- tools for learning. Tools for learning: a- each chapter is structured around a common set of features that helps students learn while keeping them engaged; b- chapter opening summaries -- Each chapter begins with a real-life story that is then integrated throughout the chapter. They illustrate concepts, build intuition and encourage students to think further; c- economics in action -- each chapter closes with a real world case study. -- Description from http://www.palgrave.com (Oct. 11, 2011).

With its signature storytelling style and coverage of current issues and events, Nobel laureate and New York Times columnist Paul Krugman and co-author, Robin Wells's best-seller is the most effective textbook available for explaining how economic concepts play out in our world. This new edition offers incisive new insight into market power and externalities in microeconomics, updated analysis of long-run growth, and extensive coverage of the economic impacts and policy responses to the coronavirus pandemic in macroeconomics.

Iris Au and Jack Parkinson of the University of Toronto, Scarborough have "Canadianized" the Microeconomics section of Krugman/Wells, Economics, Third Edition, maintaining the structure and spirit of the U.S. version but adapting it to include Canadian examples and stories to appeal more directly to Canadian instructors and students.

The Study Guide reinforces the topics and key concepts covered in the Microeconomics text.

When it comes drawing on enduring economic principles to explain current economic realities, there is no one readers trust more than Paul Krugman. With his bestselling introductory textbook (now in a new edition) the Nobel laureate and New York Times columnist is proving to be equally effective in the classroom, with more and more instructors in all types of schools using Krugmans signature storytelling style to help them introduce the fundamental principles of economics to all kinds of students.

Providing an introduction to Microeconomics, this text uses real world examples to explain economic ideas. It contains 'Economics in Action' case studies and 'For Inquiring Minds' boxes, which apply the concepts to real phenomena. An on-line package supports the text, where quizzes and other resources consolidate the learning process.
