The Pearson Science Second Edition Activity Book is a write-in resource designed to develop and consolidate students' knowledge and understanding of science by providing a variety of activities and questions to apply skills, reinforce learning outcomes and extend thinking. Updated with explicit differentiation and improved learner accessibility, it provides a wide variety of activities to reinforce, extend and enrich learning initiated through the student book.

The Pearson Science Second Edition Teacher Companion make lesson preparation and implementation easy by combining full Student Book pages with a wealth of teacher support, to help you meet the demands of the Australian Curriculum: Science as well as the 2017 Victorian Curriculum.

The Pearson Science Second Edition Activity Book is a write-in resource designed to develop and consolidate students' knowledge and understanding of science by providing a variety of activities and questions to apply skills, reinforce learning outcomes and extend thinking. Updated with explicit differentiation and improved learner accessibility, it provides a wide variety of activities to reinforce, extend and enrich learning initiated through the student book.

The Pearson Science New South Wales 9 Student Book has been developed from the ground up with scientific literacy and accessibility at its core. Pearson Science New South Wales not only saves you time but is the only series that really engages your students. The engaging design, literacy focus, unambiguous features and clear, easy-to-understand language make the student book an invaluable resource for all learning types and abilities. From the publishers of the market leading Science Focus, Pearson Science New South Wales is written to exactly match the final NSW Syllabus for the Australian Curriculum. It will not only save you time in implementing the NSW Syllabus for the Australian Curriculum, but is the only series that really engages your students. The Pearson Science series includes content and activities presented within the context of the three NSW Syllabus strands: Knowledge and Understanding, Working Scientifically and Learning Across the Curriculum. Content identified as 'Additional' in the NSW syllabus has been clearly differentiated from core content and is carefully placed in the flow of content. Extensive research and the development of a clear and fully accessible approach to content forms how the book is written.

The Student Book provides an easy-to-use 'nuts and bolts' book at each year level, covering the full range of Stages 5.1, 5.2 and 5.3 in Years 9 and 10, with content from all three Stages explicitly labelled, as well as presenting 3 differentiated pathways through every exercise: Foundation, Standard and Advanced.

PEARSON SCIENCE covers the three strands of Science Inquiry Skills, Science as a Human Endeavour and Science Understanding with both interactive multimedia and books to engage students and teachers.
