Description This is one of the most popular introductory materia medica, and it is a GREAT value for its reasonable cost. The newer edition of this book is also excellent, and it costs only a tad more. This book helps improve one's prescribing for acute cases, thus, it is a great complement to the various home care books.

## *HOMOEOPATHIC MATERIA MEDICA* - By William BOERICKE

Boericke's Pocket Manual is the classic, usually well worn reference book, found in the library of most naturopathic and homeopathic physicians. If I could only have one book about homeopathy, this would be it. William Boericke was an MD/Botanist, and his works form the basis of most modern materia medicas.
