The enthralling new novel from the acclaimed author of Fallen Land, The River of Kings, and Gods of Howl Mountain Retired racehorse jockey and Vietnam veteran Anse Caulfield rescues exotic big cats, elephants, and other creatures for Little Eden, a wildlife sanctuary near the abandoned ruins of a failed development on the Georgia coast. But when Anse's prized lion escapes, he becomes obsessed with replacing her/even if the means of rescue aren't exactly legal. Anse is joined by Malaya, a former soldier who hunted rhino and elephant poachers in Africa; Lope, whose training in falconry taught him to pilot surveillance drones; and Tyler, a veterinarian who has found a place in Anse's obsessive world. From the rhino wars of Africa to the battle for the Baghdad Zoo, from the edges of the Okefenokee Swamp to a remote private island off the Georgia coast, Anse and his team battle an underworld of smugglers, gamblers, breeders, trophy hunters, and others who exploit exotic game. Pride of Eden is Taylor Brown's brilliant fever dream of a novel: set on the eroding edge of civilization, rooted in dramatic events linked not only with each character's past, but to the prehistory of America, where great creatures roamed the continent and continue to inhabit our collective imagination.

Harvey Milk eloquent, charismatic, and a smart-aleck^was elected to the San Francisco Board of Supervisors in 1977, but he had not even served a full year in office when he was shot by a homophobic fellow supervisor. Milk's assassination at the age of forty-eight made him the most famous gay man in modern history; twenty years later Time magazine included him on its list of the hundred most influential individuals of the twentieth century. Before finding his calling as a politician, however, Harvey variously tried being a schoolteacher, a securities analyst on Wall Street, a supporter of Barry Goldwater, a Broadway theater assistant, a bead-wearing hippie, the operator of a camera store and organizer of the local business community in San Francisco. He rejected Judaism as a religion, but he was deeply influenced by the cultural values of his Jewish upbringing and his understanding of anti-Semitism and the Holocaust. His early influences and his many personal and professional experiences finally came together when he decided to run for elective office as the forceful champion of gays, racial minorities, women, working people, the disabled, and senior citizens. In his last five years, he focused all of his tremendous energy on becoming a successful public figure with a distinct political voice.

^Quintessential New York artist Kalman gives us an idiosyncratic but informative look at a Big Apple institution. . . . Kalman's use of the events of September 11 is honest and honorable, and rarely is she as straightforward as she is here.^

This is the inspiring true story of the John J. Harvey/a retired New York City fireboat reinstated on September 11, 2001. Originally launched in 1931, the Harvey was the most powerful fireboat of her time. After the September 11 attacks, with fire hydrants at Ground Zero inoperable and the Hudson River's water supply critical to fighting the blaze, the fire department called on the Harvey for help. There were adjustments^forcing water into hoses by jamming soda bottles and wood into nozzles with a sledgehammer^and then the fireboat's volunteer crew pumped much-needed water to the disaster site. The John J. Harvey proved she was still one of New York's Bravest! Maira Kalman brings a New York City icon to life, celebrating the energy, vitality and hope of a place and its people.
