To understand a business, you have to understand the financial insides of a business organization. Through a focus on accounting transactions, real-world problem-solving, and engaging industry examples, Weygandt Financial Accounting, 11th edition demonstrates how accounting is an exciting field of study and helps connect core financial accounting concepts to students' everyday lives and future careers. Continuing to help students succeed in their introductory financial accounting course for over two decades, this edition brings together the trusted Weygandt, Kimmel, and Kieso reputation with fresh, timely, and accurate updates to help build confidence and engage today's students.

Accounting Principles 11th edition, by Weygandt, Kimmel, and Kieso provides a clear introduction to financial accounting that is full of real world examples that are relevant to students' lives. The Team for Success authors understand where students struggle in this course and have developed a learning system that illustrates the accounting cycle and key transactions, while giving them the tools to apply their learning through sample exercises throughout the chapter. By expanding coverage of IFRS, this edition keeps students at the forefront of global issues that impact their future careers in business and accounting. Access to WileyPLUS is not included with this textbook.

Weygandt's Accounting Principles introduces challenging accounting concepts with examples that are familiar to accountants. The new edition has been updated with the latest IFRS/IASB standards. Additional coverage is included on foreign currency translation and LCM. More discussions focus on risk management as a result of the financial crisis. The examples also emphasize current examples in order to help accountants make the connection to their everyday lives.

Company Accounting, 11th Edition (Leo et al.) has been updated to reflect the various and ongoing reforms as a result of Australia's adoption of the International Financial Reporting Standards (IFRS). The text provides students with a comprehensive overview of the practice and principles of company accounting and helps them develop the practical grounding to reinforce their understanding. The 11th edition presents essential 'must know' information on accounting for a corporate entity and the requirements for externally disclosing the financial position of the entity.
