Elizabeth Wurtzel's New York Times best-selling memoir, with a new afterword "Sparkling, luminescent prose . . . A powerful portrait of one girl's journey through the purgatory of depression and back." —New York Times "A book that became a cultural touchstone." —New Yorker Elizabeth Wurtzel writes with her finger on the faint pulse of an overdiagnosed generation whose ruling icons are Kurt Cobain, Xanax, and pierced tongues. Her famous memoir of her bouts with depression and skirmishes with drugs, *Prozac Nation* is a witty and sharp account of the psychopharmacology of an era for readers of *Girl, Interrupted* and Sylvia Plath's *The Bell Jar*.

'Prozac Nation' gives voice to the high incidence of depression amongst young people who are fully entrenched in the culture of divorce, economic instability and AIDS.

I crush up my pills and snort them like dust. They are my sugar. They are the sweetness in the days that have none. They drip through me like tupelo honey. Then they are gone. Then I need more. I always need more. For all of my life I have needed more. A precocious literary light, Elizabeth Wurtzel published her groundbreaking memoir of depression, *Prozac Nation*, at the tender age of twenty-six. A worldwide success, a cultural phenomenon, the book opened doors to a rarefied world about which Elizabeth had only dared to dream during her middle-class upbringing in New York City. But no success could staunch her continuous battle with depression. The terrible truth was that nothing had changed the emptiness inside Elizabeth. Her relationships universally failed; she was fired from every magazine job she held. Indeed, the absence of fulfillment in the wake of success became yet another seemingly insurmountable hurdle. When her doctor prescribed Ritalin to boost the effects of her antidepressant medication, Elizabeth jumped. And the Ritalin worked. And worked. And worked. Within weeks, she

was grinding up the pills and snorting them for a greater effect. It reached the point where she couldn't go more than five minutes without a fix. It was Ritalin, and then cocaine, and then more Ritalin. In a harrowing account, Elizabeth Wurtzel contemplates what it means to be in love with something in your blood that takes over your body, becomes the life force within you -- and could ultimately kill you. More, Now, Again is an astonishing and timely story of a new kind of addiction. But it is also a story of survival. Elizabeth Wurtzel hits rock bottom, gets clean, uses again, and finally gains control over her drug and her life. As honest as a confession and as heartfelt as a prayer, More, Now, Again recounts a courageous fight back to a life worth living.

Fleeing home from his military service in Afghanistan when his wife dies in an apparent freak household accident, Dr. Mike Scanlon struggles with the tragedy, his inability to bond with his new baby daughter and a downsizing in his medical practice only to discover a shocking secret that changes his understanding of everything. By the Edgar Award-winning author of Come Home. 300,000 first printing.

**\*\* THE NEW YORK TIMES-BESTSELLING CULT CLASSIC NOVEL \*\*** \*\* In a new edition introduced by Stephen Fry \*\* 'I don't think you can even call this a drug. This is just a response to the conditions we live in.' Suzanne Vale, formerly acclaimed actress, is in rehab, feeling like 'something on the bottom of someone's shoe, and not even someone interesting'. Immersed in the sometimes harrowing, often hilarious goings-on of the drug hospital and wondering how she'll cope – and find

## Download Free Prozac Nation Libro En Espanol locdrd

work – back on the outside, she meets new patient Alex. Ambitious, good-looking in a Heathcliffish way and in the grip of a monumental addiction, he makes Suzanne realize that, however eccentric her life might seem, there's always someone who's even closer to the edge of reason. Carrie Fisher's bestselling debut novel is an uproarious commentary on Hollywood – the home of success, sex and insecurity – and has become a beloved cult classic. 'This novel, with its energy, bounce and generous delivery of a loud laugh on almost every page, stands as a declaration of war on two fronts: on normal and on unhappy' STEPHEN FRY 'A single woman's answer to Nora Ephron's Heartburn . . . the smart successor to Joan Didion's Play It as It Lays' Los Angeles Times 'A cult classic . . . A wonderfully funny, brash and biting novel' Washington Post 'A wickedly shrewd black-humor riff on the horrors of rehab and the hollows of Hollywood life' People 'Searingly funny' Vogue

I know that it might be, like, gauche of me to spill the secrets of my chic brethren, but the rest of the world has a right to know. So I've gone ahead and compiled a really long list of some tactics that I have observed my friends and colleagues employ in order to lose weight. And I'm, like, a really good source because I went to a super legit fashion school and I did a bunch of internships at really fancy places. ... Just so you know, this book is totally just FYI and is completely satirical. Like, I just want to make you laugh, or something. No one should take any of this to heart ... I really love the people in my life, but ... they're obvi unhinged and their habits should definitely not be emulated.--Foreword, page 8.

The coach of the Rutgers University women's basketball team describes how perseverance and acceptance has helped her deal with the challenges of life to become one of the most successful coaches in women's basketball history.

A personal story of Kate Millett's struggle to regain control of her life after falling under an ascription of manic depression.

With astonishing honesty, this memoir reveals what mental illness looks and feels like from the inside, and how healing from borderline personality disorder is possible through intensive therapy and the support of loved ones. With astonishing honesty, this memoir, *Get Me Out of Here*, reveals what mental illness looks and feels like from the inside, and how healing from borderline personality disorder is possible through intensive therapy and the support of loved ones. A mother, wife, and working professional, Reiland was diagnosed with borderline personality disorder at the age of 29--a diagnosis that finally explained her explosive anger, manipulative behaviors, and self-destructive episodes including bouts of anorexia, substance abuse, and promiscuity. A truly riveting read with a hopeful message. Excerpt: "My hidden secrets were not well-concealed. The psychological profile had been right as had the books on BPD. I was manipulative, desperately clinging and prone to tantrums, explosiveness, and frantic acts of desperation when I did not feel the intimacy connection was strong enough. The tough chick loner act of self-reliance was a complete facade."
