**Product review on the QHY5-II Autoguiding camera kit—YouTube**

A single bmp from the qhy5 is more than 3MB big, so you eat up a lot of harddisk space in an imaging session. Since Registax crashed when I tried to process 500 images in one batch, I limit the files per image to 300. With the DMK21 1000 frames result in an avi file that is about 300MB. But of course the field of view of the DMK is pretty ...
