The Borderland Provinces are balanced on the knife's edge of history, as a decadent declining empire that retreats slowly, clinging to power, even as it unravels. This book contains the history of the Borderland Provinces region, descriptions of the countries, cities (some with maps), towns, important places, major geographical features, lairs, and extensive encounter tables for the ancient Hyperborean roads crisscrossing the Provinces. For those familiar with Lost Lands geography, the campaign book covers the Western part of our Sinnar Coast Region map, and area in great peril, located only a few hundred miles from Bard's Gate and directly adjacent to the Sundered Kingdoms.
