Post subject: RCA WR-50B How to get Sweep Gen In-Phase with Oscilloscope? Posted: Jan Tue 26, 2010 6:07 pm . Member: Joined: Jul Wed 22, 2009 8:32 am Posts: 3668 Finally got my WR-50B connected to the scope through a demodulator probe per the manual pg 38 & 39? It's clear that my scope is not in-phase with the sweep Gen which is just a 60-cps sweep, there are no phase controls on either the WR ...

WR-50B Signal Generator - YouTube

The RCA WR-50B is an excellent service-grade signal generator. I have used one for over 20 years and have never yet had to do any maintenance work on it. Mine is coupled to a Ballantine digital frequency counter, but this is not really necessary. Once properly calibrated the dial of the WR-50B is extremely accurate, and even after several hours of operation its drift is very minimal. I highly ...

RCA WR-50B signal/sweep generator. I checked the two 12AT7 tubes. They test good and seem to be getting plate voltage & filament voltage. It looks good inside. The two 40uF x 150V electrolytes are in a "Can", but I actually tried to measure their capacitance in the circuit. They both came out almost the same, each about, 44 uF, 10% high. The other CAPS look new like orange dips but dark red ...

Antique Radio Forums • View topic - Help with RCA WR-50B ...

The RCA WR-50B is an excellent RF signal generator, in my opinion. I have used one for many years and have never had the slightest problem with it. Mine is all original, except that I added an additional BNC output jack on the rear of the cabinet which permits me to use it in conjunction with a Ballantine digital frequency counter. However, the frequency counter is not really necessary; once ...
