SAP S/4HANA Change Management: How to Handle the People Side of Your Transformation. Organizational change is a key component of any SAP S/4HANA transformation or implementation of any of the top ERP systems. But too often,

Download Free Sap Engineering Change Management

organizations limit their scope of change to myopically focus on end-user training.

When we are close to the day-to-day details of a digital transformation, we assume that we just need to train people once we figure out the new processes and technologies.
