Designing a Strategic Service Blueprint. Dec. 1, 2013. Ioannis (Giannis) Kostopoulos, PhD (UK) Delivering high-quality services first requires an effective service design process. Intentional service design ensures service reliability an important parameter of perceived service quality. Towards this direction, many service organizations all around the globe have adopted Service Blueprinting (SB) techniques as a tool for designing new services or managing existing service operations (Shostack ...

Keller Center for Research | Baylor University

Service blueprinting helps you see the experience a customer has with your service from a holistic viewpoint. It gives you not just the end-to-end view of the experience, but also exposes the “backstage, behind-the-scenes” work that shows you not just how the experience is designed, but more importantly how it was delivered.
