"Bevy knows what's what, and she is the kind of woman you want in your corner. If you don't believe me . . . buy the book." —Whoopi Goldberg "Funny, wise, well-experienced, empathetic, colorful—Bevy brings the spirit of humanity wherever she goes." —Pharrell Williams From the host of the fabulous and popular show Bevelations on SiriusXM ' s Radio Andy channel, Bevy Smith ' s irreverent and inspiring memoir about learning to live a big, authentic, and unapologetic life—and how you can, too Bevy Smith was living what seemed like a glamorous dream as a fashion advertising executive, blazing a lucrative career for herself in the whitewashed magazine world. She jetsetted to Europe for fashion shows, dined and danced at every hot spot, and enjoyed a mighty roster of lovers. So it came as quite a shock to Bevy when one day, after arriving at her luxury hotel in Milan, she collapsed on the Frette bedsheets and sobbed. Years of rolling with the in-crowd had taken its toll. Her satisfaction with work and life had hit rock bottom. But Bevy could not be defeated, and within minutes (okay, days) she grabbed a notepad and started realizing a truer path—one built on self-reflection and, ultimately, clarity. She figured out how to redirect her life toward meaningful creativity and freedom. In her signature lively and infectious voice (there ' s no one like Bevy!), Bevelations candidly shares how she reclaimed her life ' s course and shows how we too can manifest our most bodacious dreams. From repossessing her bold childhood nature to becoming her own brand to envisioning her life ' s next great destination (which will feature natural hair, important charitable giving, and a midcentury house overlooking the Pacific Ocean), Bevy invites readers along on the route of her personal transformation to reveal how each of us can live our best lives with honesty, joy, and, when we ' re in the mood, a killer pair of shoes.

Why Jazz Happened is the first comprehensive social history of jazz. It provides an intimate and compelling look at the many forces that shaped this most American of art forms and the many influences that gave rise to jazz's post-war styles. Rich with the voices of musicians, producers, promoters, and others on the scene during the decades following World War II, this book views jazz's evolution through the prism of technological advances, social transformations, changes in the law, economic trends, and much more. In an absorbing narrative enlivened by the commentary of key personalities, Marc Myers describes the myriad of events and trends that affected the music's evolution, among them, the American Federation of Musicians strike in the early 1940s, changes in radio and concert-promotion, the introduction of the long-playing record, the suburbanization of Los Angeles, the Civil Rights movement, the "British invasion" and the rise of electronic instruments. This groundbreaking book deepens our appreciation of this music by identifying many of the developments outside of jazz itself that contributed most to its texture, complexity, and growth.

Mad World is a highly entertaining oral history that celebrates the New Wave music phenomenon of the 1980s via new interviews with 35 of the most notable artists of the period. Each chapter begins with a discussion of their most popular song but leads to stories of their history and place in the scene, ultimately painting a vivid picture of this colorful, idiosyncratic time. Mixtape suggestions, fashion sidebars, and quotes from famous contemporary admirers help fill out the fun. Participants include members of Duran Duran, New Order, The Smiths, Tears for Fears, Adam Ant, Echo and the Bunnymen, Devo, ABC, Spandau Ballet, A Flock of Seagulls, Thompson Twins, and INXS.
